AGREEMENT

BETWEEN

**BOARD OF TRUSTEES OF LANSING COMMUNITY COLLEGE
OF THE STATE OF MICHIGAN**

AND

**LANSING COMMUNITY COLLEGE CHAPTER OF THE
MICHIGAN ASSOCIATION FOR HIGHER EDUCATION**

This Agreement entered into on this 6th day of February 2017, between the Board of Trustees, Lansing Community College (hereinafter referred to as the “EMPLOYER” or “COLLEGE”) and Lansing Community College Chapter of the Michigan Association for Higher Education (hereinafter referred to as the “ASSOCIATION”).

ARTICLE I. RECOGNITION

- A. The College hereby recognizes the Association as the sole and exclusive collective bargaining representative for the bargaining unit consisting of all full-time and part-time Faculty, including Teaching Faculty who are scheduled to teach at least three workload hours per academic year and Academic Professionals who are scheduled to work at least 96 clock hours per academic year; excluding all employees whose primary employment is as executives, managers, administrators, supervisors, clerical employees, technicians and technical employees, coaches, and student employees or other employees. While executives, managers, administrators, supervisors, clerical employees, technicians and technical employees, and coaches are not included in the bargaining unit, nothing in this Agreement prohibits bargaining unit members from performing these duties or activities if assigned.
- B. The College agrees that it shall not terminate or cause loss of benefits to any present full-time members of the bargaining unit solely for the purpose of utilizing part-time or other employees to perform bargaining unit services.
- C. Titles of current bargaining unit members will not be changed if the title change excludes them from the bargaining unit unless the change is clearly a change in function.
- D. The College agrees not to negotiate with any faculty organization or individual within the bargaining unit other than the Association for the duration of this Agreement. However, nothing in this Agreement is intended to prevent the College from working with an Academic Senate concerning matters of College-wide academic philosophy, College-wide

academic policy and College-wide academic initiatives, or concerning such other matters as expressly authorized by other provisions of this Agreement.

- E. The Association recognizes the right of the College to continue to use Instructional Service Agreements in limited circumstances. The College will provide copies of such agreements to the Association within a week of their issue and will engage in discussions where there are concerns. Each agreement will be signed, certifying independent contractor status.
- F. When the College tentatively creates a new or substantially modified position below Salary Level 9, the Human Resources Department will notify the President or other designated representative of each bargaining unit and provide a job description together with information on tentative bargaining unit placement (if any), classification, and compensation Level. At the same time, Human Resources will create an electronic workspace for such representatives to submit comments on unit placement, classification, and compensation Level. Comments must be submitted, if at all, within five business days, unless a longer period is agreed to by the parties. If the position reasonably could be placed in more than one bargaining unit, Human Resources will convene a meeting to discuss the issues upon the request of the representative of any such bargaining unit. Such a request must be filed within the original comment period, and the meeting will be convened within five business days after such period. Following the comment period, including a meeting if requested, a final decision on placement of the new position within or removal of a modified position from the bargaining unit shall be made by Human Resources Department, and notice of the unit placement will be provided to the President or other designated representative of each bargaining unit not later than the date of posting the position.

ARTICLE II. ASSOCIATION RIGHTS

The Association, on behalf of the bargaining unit members of the College, hereby retains and reserves unto itself all rights, powers, authority, duties, and responsibilities conferred upon and vested in it by Act 379 of the Public Acts of 1965 as amended and the Constitution of the State of Michigan and/or the United States, or other laws of Michigan, except as otherwise provided in this Agreement.

ARTICLE III. EMPLOYER RIGHTS

- A. Employer Rights in General
 - 1. The Employer possesses and retains the sole power, duty, and right to operate and manage its departments, agencies, programs, and facilities; to carry out its business; and to carry out all constitutional, statutory, and administrative policy mandates and goals.

Except as limited by the express provisions of this Agreement, such retained Employer Rights include, but are not limited to, the right, without engaging in negotiations, to determine and change matters of managerial policy and administrative control of the College and its facilities, equipment, and operations; the mission of the Employer and its parts; the services to be provided and the methods, means, and procedures to be used in providing them; the organizational structure; the nature and number of facilities and departments and their locations; to establish and change the classifications of work and the duties and responsibilities of each; to hire and increase or decrease the size of the work force; to assign personnel; to recognize and reward success; to maintain order and efficiency; and to use new and/or improved methods or outside assistance.

2. The Employer also reserves certain rights and powers, which are limited by the express provisions of this Agreement. These include, but are not limited to, the right, without engaging in negotiations, to discipline, suspend, or discharge members whose conduct or job performance is unsatisfactory to the Employer; to establish reasonable work rules and to fix and determine penalties for violation thereof; to fill vacancies within the bargaining unit; to lay off and recall personnel; to make judgments as to the skills and abilities of members; and to establish and change work schedules. The Employer may exercise such expressly limited rights, provided, however, that these rights shall not be exercised in violation of any specific provision of this Agreement and, as such, the exercise of such limited rights shall be subject to the Grievance Procedure.
3. The listing of specific management rights in this Agreement is not intended to be, nor shall it be restrictive of, or a waiver of, any rights of management not listed and specifically surrendered herein, whether or not such rights have been exercised by the College in the past.
4. The parties acknowledge that during the negotiations which preceded this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any negotiable subject or matter, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. This Agreement, including its supplements and exhibits attached hereto (if any), concludes all collective bargaining between the parties during the term hereof, and constitutes the sole, entire and existing agreement between the parties, and supersedes all prior agreements and practices, oral and written, expressed or implied, and expresses all obligations and restrictions imposed upon each of the respective parties during its term. However, if either party believes there is a mutually recognized past practice that should be continued or reinstated during the term of this Agreement, that party may so notify the other party, and the parties may agree to reduce the practice to writing in the form of a Letter of Understanding to be appended to this Agreement. Further, if an exercise of Employer Rights or a change in the law during the term of this Agreement requires an unforeseeable change in member compensation, benefits or working conditions during the term of this Agreement,

either party may demand to bargain over the effects of such exercise or such change in the law, and any agreement reached will be reduced to writing and become a part of this Agreement if it is ratified by the Association's Executive Board and the LCC Board of Trustees.

B. Rules, Policies, and Procedures

The Employer reserves the right to establish reasonable rules, policies and procedures not conflicting with the provisions of this Agreement. The Employer shall give the Association President at least two weeks' written notice of any proposed change to College rules or policies, to allow for written input from the Association prior to making a final decision. Once a decision is made, the Employer shall inform members and the Association of the establishment of new rules, policies, and procedures before they are made the basis for any disciplinary action. If a member or the Association believes that any rule, policy, and/or procedure is inconsistent with the terms of this Agreement or is unreasonable as written, a grievance may be filed within 28 calendar days after the establishment of such rule, etc. Thereafter, such rule, etc., may only be challenged as applied.

ARTICLE IV. EQUAL OPPORTUNITY AND UNLAWFUL DISCRIMINATION

The parties reaffirm their commitment to the principles of equal employment and educational opportunity and to refrain from unlawful discrimination on the basis of religion or creed, race, color, national origin or ancestry, age, sex, height, weight, marital status, veteran or military status, familial status, protected disability, gender, sexual orientation, genetic information, or any other category protected by law. Every member of the faculty, administration, and staff is expected to comply with the letter and spirit of these principles as embodied in applicable state and federal laws and regulations and in College policies

ARTICLE V. ASSOCIATION MEMBERSHIP

A. Association Membership and Representation

Membership in the Association is voluntary. All employees have the right to join, not join, maintain, or drop their membership in the Association as they see fit, subject to such standards as the Association may lawfully impose. No employee is required to provide financial support to the Association except as a voluntary member of the Association. However, nothing in this Agreement is intended to provide non-members with rights customarily and lawfully limited to Association members.

B. Association Membership Dues Deduction

An employee who elects to join the Association may complete the Membership Authorization for Checkoff of dues and return it to the Association's office. The Association will forward the executed payroll deduction form to the Payroll

Department and will furnish the Employer with a schedule of Association membership dues, determined in accordance with law and updated as necessary. The Association will furnish the Employer with lawful Membership Authorization for Checkoff forms to be given to new bargaining unit employees during new employee orientation.

During the term of this Agreement, the Employer agrees to deduct biweekly Association dues from each employee covered by this Agreement who has executed the required form, provided the employee has net pay available after payment of required taxes and payments, garnishments, support obligations, judgments, retirement contributions, health insurance, and other benefit contributions. Deductions will begin with the first full payroll period following receipt of the executed Membership Authorization for Checkoff form by the Payroll Department. Employees have the right to terminate College deduction of Association dues from their pay at any time. Deductions will stop when the employee gives the Human Resources Department written notice to terminate deductions. The Human Resources Department will provide the Association with a copy of the written notice. If a dispute arises as to whether or not the College is properly authorized to deduct Association dues, no further deductions shall be made until the matter is resolved. Disputes regarding authorization to deduct Association dues are not subject to resolution through the grievance and arbitration procedure of this Agreement.

The Employer's sole obligation under this Section is limited to the deduction of Association membership dues from employee earnings and remittance of amounts deducted to the LCC-MAHE Treasurer or designee bi-weekly, together with a list of current bargaining unit employees showing the amount of Association dues deducted from each employee's pay.

C. Defense of Claims

The Association shall defend, indemnify, and save the College and its officers, employees and agents harmless from any and all damages, claims, suits, or other forms of liabilities, including attorney fees, any of them may suffer as a result of any action the Association, the College, or an employee takes under this article, or arising from the College's compliance with this Article. The parties agree that the Association has the right to provide and oversee the legal defense and strategy for such matters, as long as there is no conflict between the Association and the College in such proceedings. The College and the Association will cooperate in securing and giving evidence, obtaining witnesses, and making relevant information available.

ARTICLE VI. ASSOCIATION OFFICIALS

- A. Association officials will continue to perform their regularly assigned work duties as required, except to the extent those duties are reduced under this Article, and their responsibilities as Association officials will not be permitted to interfere with the business of the College.

B. Bank of Association Hours

1. The College will establish an annual Bank of Association Hours to pay the cost attributable to replacing specified Association Officials for periods of paid release time they are involved in representational activities under the Agreement. Association officials may devote more time to Association business than covered by the Bank, but such time will not be considered hours worked for the College and will not be compensated in any way by the College.
2. At the beginning of the academic year, the College will contribute a “block” of time for use by the Association President (equal to 346 clock hours if the President is a Teaching Faculty member or 430 clock hours if the President is an Academic Professional, or a prorated mix if the President is working as both Teaching Faculty and Academic Professional). The College will simultaneously credit the Bank with another “block” of time determined in the same manner for use by the Grievance Chair.
3. On or before July 15 of each year, the Association may purchase one additional “block” of Bank time for use during the subsequent academic year by the President or by a proxy designated by the President and may purchase one additional “block” of Bank time for use during the subsequent academic year by the Grievance Chair.
4. The Association shall reimburse the College for the cost of each “block” of time it purchases at the appropriate clock hour rate, including costs of FICA, retirement, and other applicable benefits. The clock hour rate to be used for 2016-17 will be \$25.55 for Teaching Faculty and \$21.10 for Academic Professionals. Rates for subsequent years will increase by 1.5 percent for 2017-18, an additional 1.5 percent for 2018-19, and an additional 1.0 percent for 2019-20.

C. Association President

1. If the Association’s President (or the President’s designated proxy) is a full-time employee, the regular base workload assignment of the President (or the President’s designated proxy) during the academic year will be reduced by one-fourth for each block of hours reserved for the use of the President (or the designated proxy) as of the beginning of the academic year and the Bank will be charged to compensate for such reduction. The reduction in work assignment will not result in a reduction in base compensation and time charged against the Bank will not count for purposes of calculating Overload compensation.
2. If the Association’s President (or the President’s designated proxy) is a part-time employee, the President (or proxy) will be compensated at his or her regular rate during the academic year as if using each block of hours reserved for the use of the President (or the designated proxy) ratably over the academic year, subject to the workload limits contained in Article XI. The Bank will be charged the equivalent

hours for such time, which will not change the part-time status of the President or the President's designated proxy.

D. Association Grievance Chairperson

1. If the Association's Grievance Chairperson is a full-time employee, the regular base workload assignment of the Grievance Chairperson will be reduced by one-fourth for each block of hours reserved for the use of the Grievance Chairperson as of the beginning of the academic year, and the Bank will be charged to compensate for such reduction. The reduction in workload assignment will not result in a reduction in base compensation and time charged against the Bank will not count for purposes of calculating Overload compensation.
2. If the Association's Grievance Chairperson is a part-time employee, the Grievance Chairperson will be compensated at his or her regular rate during the academic year as if using each block of hours reserved for the use of the Grievance Chairperson ratably over the academic year, subject to the workload limits contained in Article XI. The Bank will be charged the equivalent hours for such time, which will not change the part-time status of the Grievance Chairperson.

E. The Association's President and Grievance Chairperson will not be involuntarily assigned to any department or division committee or any registration activities during their period of office.

F. The Chairperson of the Association's negotiating team will not be involuntarily assigned to any department or division committee or registration activities commencing with the spring semester prior to the expiration date of the contract and extending until a new contract is ratified.

G. A bargaining unit member elected or appointed to represent the Association on a College-wide committee, Association office, or an Association committee shall work with his/her Department Chair or immediate supervisor to make certain that assignments are covered and that there is no disruption to students.

H. If the legislature generally prohibits the practice of community colleges granting paid time to conduct labor organization business, the parties will comply as required. If suspension of paid time is imposed by law during the term of this Agreement, the parties will meet to negotiate an alternative form of time off to replace such paid time.

ARTICLE VII. PRIVILEGES AND RESPONSIBILITIES

A. Association Meetings

1. Rooms at the College may be used by the Association, the Association's Senate, and Senate Committees for meetings at no cost to the Association, provided that:

- a. Arrangements are made in advance with the administration.
 - b. Meetings are scheduled within the regular shift hours of the custodial staff.
2. The Association shall have a minimum of one hour set aside during Professional Preparation days each semester. The Association will be notified concerning the time and date prior to the printing of the program.

B. Use of College Equipment

The Association is authorized to use College office and audiovisual equipment for legally permissible purposes, subject to availability. If there is a cost for such use, the costs shall be available prior to such use.

C. Association Notices

The Association shall have the right to post notices of its official activities and matters of Association concern only on departmental bulletin boards, at least one of which shall be provided in each department or a central location in each major College building. The Association will monitor such notices and postings to ensure that they do not include legally impermissible material or materials that are derogatory to the College, employees, or the Association. The Employer may remove any material which does not comply with this section and will notify the Association President of the removal of any material.

D. Association Orientation

The College shall require that new bargaining unit members view an online Association orientation video on the Learning Management System, up to 15 minutes of which will be considered paid training time. The College will notify the Association of all new employees who fail to view the video.

E. Information Requests

The parties will provide relevant information to each other for purposes of negotiations, administering this Agreement and resolving grievances, and such other purposes as may be covered under the Michigan Public Employee Relations Act (PERA). All requests for such information shall be in writing, shall be directed to the Labor Relations staff and shall identify the information requested in sufficient detail to allow it to be readily identified and retrieved. If requested information pertains to anyone other than bargaining unit employees, the request will explain the purpose for which the information is requested and the relevance of the requested information. Requests will be signed by an authorized representative of the party making the request. If either party believes that an information request is unreasonable or abusive, the parties will promptly meet and attempt to reach an understanding on it. Neither party shall have any obligation to provide information until it is requested in accordance with this provision. Neither party will be required to compile

information or statistics in the form requested, if not already compiled in that form, unless mutually agreeable.

F. Board Agenda

The Association shall be entitled to appear on the Board agenda subject to Board policies and procedures, provided a written notification, outlining the business to be discussed, is submitted to the President's Office seven days or more before a regularly scheduled Board meeting.

G. Bargaining Unit Member Information

The College will provide the Association with access to names, contact information (postal address and phone number if not restricted and e-mail address), identification numbers including Technology User Name, last four digits of Social Security Number (SSN), employment status, and current assignments for all bargaining unit members. In addition, the College will notify the Association of such information for each new bargaining unit member within ten business days after completion of the hiring process and will notify the Association within ten business days after any other employee status or assignment change.

H. Office Space

The College shall provide an office for the Association to share with other MEA affiliated Associations in the Huron Building. The total square footage provided for all MEA affiliated Associations shall be at least 450 square feet. If the College determines that this space is no longer available, the Association will be notified at least 60 days prior to relocation as to where the new space will be provided.

I. Information on Required Training

The College will provide access to any new or modified required faculty training to the Association at least one week prior to notifying MAHE members. The College shall provide the designated amount of time that part-time members will be compensated for timely and satisfactory completion of the training.

ARTICLE VIII. THE ROLE OF FACULTY: PROFESSIONAL RESPONSIBILITIES

It is the responsibility of Faculty to use their knowledge and earnest efforts to achieve successful outcomes in teaching and learning and to advance the mission of the College. Accordingly, core professional responsibilities of bargaining unit members include the following:

A. All bargaining unit members are expected to:

ARTICLE IX. PARTICIPATION IN GOVERNANCE

The Provost has chartered an Academic Senate consisting of the Provost or designee and non-probationary faculty members and administrators from each division and department in which Teaching Faculty or Academic Professional faculty members are assigned to work. The purpose of the Academic Senate will be to provide faculty input and advice to the administration concerning issues of College-wide educational philosophy, College-wide academic policy, and priorities in the College-wide deployment of capital or financial resources, except as covered by the scope of collective bargaining. At least 75 percent of the members of the Academic Senate shall be faculty representatives. Faculty will select faculty members to serve as members of the Academic Senate, provided Association Executive Officers shall not be eligible to serve in the Academic Senate during their term of office.

A. Program/Department Curriculum

The College faculty, as experts in their disciplines, are committed to curriculum decisions that will promote excellence in education and support student success initiatives of the College.

1. Curricular issues for each program or department consist of:
 - a. Creation, modification and elimination of courses and curricula;
 - b. Course sequencing;
 - c. Course syllabi (course description, course pre-requisites, course content and its sequencing, instructional materials, methods of instruction, learning outcomes, and methods of evaluating student achievement);
 - d. Course delivery method (face-to-face, on-line, hybrid, module, open-entry or defined enrollment) and format (course duration, Learning Communities, etc.); and
 - e. Class size determinations based on pedagogical, safety, and other relevant considerations.
2. Recommendations for changes in curricular issues may be made by Teaching Faculty members, administrators, or Academic Professionals who actively participate in a program or department at any time, consistent with applicable time constraints and deadlines.
3. Before approving or implementing any substantial change in any listed curricular issues for the program or department, the administrator(s) will notify the program or department faculty of the proposed change(s), provide a written summary of the proposed change(s), and provide them with the opportunity to participate in one or more meetings with the administrator(s) to discuss the proposed change(s). If the discussion meeting is not held during a regularly scheduled program or department meeting, a special meeting will be scheduled at a time to accommodate the most program or department participants under the circumstances. Notice of the special meeting will be given at least two weeks in advance to allow program or department faculty who are unable to attend to provide input prior to the meeting(s).
4. If the meeting(s) produce(s) agreement between program/department administrator(s) and a majority of program or department faculty members participating in the meeting(s) (in person or by proxy), the program/department administrator(s) will proceed on the basis of that agreement subject to approval by the Dean. If no such agreement is reached, faculty members of the department and/or program may submit alternative recommendations on the issue(s). Such recommendations must be submitted in writing within two weeks after the meeting,

unless circumstances cause the administrator(s) to establish a longer or shorter period, and submitted recommendations will be taken into consideration before a decision is made by the program/department administrator.

5. If such a department or program curricular issue raises issues of College-wide educational philosophy, College-wide academic policy, College-wide academic initiatives, or priorities in the College-wide deployment of capital or financial resources, the Academic Senate may, at its discretion, take the matter under review. Findings and recommendations resulting from any such review by the Academic Senate will be advisory in nature. The College may, at its discretion, proceed with implementation of a decision or hold the matter in abeyance pending such review by the Academic Senate.
6. The College retains the authority to make final decisions on curricular issues, and final decisions made in this area are not subject to the grievance and arbitration procedures. Only procedural non-compliance may be grieved and, if a procedural violation is found, an Arbitrator's decision may direct reconsideration regarding the curricular issue, but an Arbitrator may not make curriculum decisions.

B. Program/Department Operating Plans

The College faculty, as responsible professionals, are committed to fiscally responsible operating plans that will promote excellence in education and support stewardship.

1. Operating plans for each academic or student services program or department to which faculty members are regularly assigned will be documented and will consist of:
 - a. Program/department assessment, review, and analysis of student success, effectiveness and vitality;
 - b. Program/department action/improvement plans;
 - c. Program/departmental/division/College schedules, and individual workloads and assignments;
 - d. Program/department budget requests;
 - e. Program/department regular meeting procedures and schedules; and
 - f. Program/department standards for submission of documentation for use by Change in Status peer reviews under Article XIV.
2. Recommendations for changes in such program or departmental operating plans may be made by faculty members or by administrators in the program or department at any time, consistent with applicable time constraints and deadlines.

3. Before approving or implementing any substantial change in an operating plan for the program or department, the responsible administrator(s) will notify the program or department faculty of the proposed change(s), provide a written summary of the proposed change(s) and provide the program or department faculty with the opportunity to participate in one or more meetings with administrators to discuss the relevant issues. If the discussion meeting is not held during a regularly scheduled program or department meeting, a special meeting will be scheduled at a time to accommodate the most program or department participants under the circumstances. Notice of the special meeting will be given at least two weeks in advance to allow program or department faculty who are unable to attend to provide input prior to the meeting(s).
4. If the meeting(s) produce(s) agreement on the operating plan issue(s) under consideration between program/department administrator(s) and a majority of program/ department faculty members participating in the meeting(s) (in person or by proxy), the program/department administrator(s) will proceed on the basis of that agreement subject to approval by the Dean. If no such agreement is reached, faculty members of the department and/or program may submit alternate recommendations on the operating plan issue(s) under consideration. Such recommendations must be submitted in writing within two weeks after the meeting. All decisions must be consistent with applicable provisions of this Agreement (e.g., express restrictions on individual workloads, schedules and assignments, etc.).
5. If such a department or program operating plan raises issues of College-wide educational philosophy, College-wide academic policy, College-wide academic initiatives or priorities in the College-wide deployment of capital or financial resources, the Academic Senate may, at its discretion, take the matter under review. Findings and recommendations resulting from any such review by the Academic Senate will be advisory in nature. The College may, at its discretion, proceed with implementation of a decision or hold the matter in abeyance pending such review by the Academic Senate.
6. The College retains the authority to make final decisions regarding operating plans. Decisions on individual workloads, schedules and assignments may be the subject of a grievance alleging violation of Art. XI, Workload, but final decisions regarding operating plans are not otherwise subject to the grievance and arbitration procedures. Procedural non-compliance may be grieved and, if a procedural violation is found, an Arbitrator's decision may direct reconsideration regarding the operating plan, but an Arbitrator may not make Program/Department Operating Plan decisions.

C. Program/Department Reduction or Elimination

If a recommendation for program reduction or elimination is under consideration pursuant to Section B, and the recommendation is likely to result in a layoff or position elimination

from the bargaining unit, the College will promptly notify the Association and invite its recommendations regarding the need for, and plan for, effecting the programmatic changes, as well as its recommendations regarding alternatives to such layoff or position elimination. The Association will provide such recommendations within thirty days or such longer period as the parties may agree to at the time.

D. Association Input

If Association representation is sought on any College-wide committees, commissions, councils, or task forces, the Association's representative shall be selected, approved or appointed by the Association. Additionally, the Association may request to have a representative added to any College-wide committee, commission, council, or task force. This provision does not limit the College's right to select faculty members to serve on any committee, commission, council or task force other than the Academic Senate; however, such faculty members are not to be construed as providing official Association input.

C. Reclassification Review

1. Basis for Request

The reclassification review process, when requested, is intended to resolve the issue of whether an individual's regularly assigned job responsibilities require a change in the individual's job classification. A written request for a reclassification review may be submitted by an employee, the Association President, or an administrator who asserts a substantial change in the employee's assigned job responsibilities has occurred. The request shall be granted only if such changes have resulted in at least half of the employee's time being spent on duties appropriate only to a different position (by comparison to the historic base, rather than looking only at recent incremental changes).

2. Frequency

Reclassification requests will be limited to one request by an employee or the Association President for a given position in any 12-month period. This shall not prevent the College from requesting reclassifications as needed.

3. Procedure

- a. A requesting person will initiate the review process by submitting a completed reclassification request form to the administrator and employee involved, Human Resources, the Association President, and the Dean/Executive Director for the employee's area. The reclassification request form will be made available on the College share drive and will contain inquiries about the employee's duties and responsibilities, amount of time spent on each duty or responsibility, changes in duties and responsibilities since the position was last classified, and other relevant information. The reclassification request form must be accompanied by a current job description.
- b. Within ten business days of receiving the request, the Dean/Executive Director will convene a meeting with the employee, administrator, Association President or designee, and the Dean/Executive Director or designee. The purpose of the meeting is to discuss and attempt to reach agreement on facts about the employee's actual job duties and responsibilities, amount of time spent on each duty or responsibility, changes in duties and responsibilities since the position was last classified, and other relevant information. Within five business days after such meeting, the Dean/Executive Director will issue a proposed report of the meeting, setting forth the facts as disclosed at the meeting and will circulate the report to the individuals who participated in the meeting. Each participant may add comments to the report and return it to the Dean/Executive Director within five business days. The Dean/Executive Director will finalize and forward the final fact report (including comments and all documents submitted in connection with the request) to the review panel consisting of Vice President for the employee's area, Human Resources, and the Association President.
- c. The Vice President will convene a meeting of the review panel within five business days of receiving the fact report, unless otherwise agreed. The meeting will be for consideration, discussion, and recommendation on the question of reclassification. Within five business days after the meeting, the Human Resources representative will draft a written, proposed recommendation to approve or disapprove the reclassification, supported by an explanation of the facts and reasoning supporting the panel's recommendation. The draft will be circulated to the participants on the review panel, who may add comments and return the draft to the Human Resources representative within five business days. The Human Resources representative will then finalize and forward the recommendation (including comments and all documents submitted in connection with the request) to the Executive Director of Human Resources (or the Senior Vice President for Administration in the absence of the Executive Director).

- d. Within five business days of receiving the recommendation, the Executive Director of Human Resources (or the Senior Vice President for Administration in the absence of the Executive Director) shall make a final decision (approving or disapproving the request), in writing, explaining the basis for the decision. Copies of the final decision will be forwarded to each participant in the procedure leading up to the final decision.

Time limits may be extended only by mutual written agreement of the Association and Human Resources.

ARTICLE XI. WORKLOAD

A. Workload General Provisions

These provisions are to guide the process described in Article IX Participation in Governance, when applied to workloads, schedules, and assignments.

1. **Primary Factors.** The primary factors to be considered in assigning workloads to bargaining unit members who are determined to be well-qualified within the meaning of Article XIII, Employment Practices, Section H.7, are:
 - a. Student needs and interests.

2. **Scheduling Guidelines**

Faculty and administration will cooperate and strive to establish regular work schedules each semester that are consistent with the factors listed above. The

schedules should satisfy the following guidelines when possible, except as necessary to meet the needs and interests of students or the College, or to satisfy individual workload obligations:

- f. A member will be considered to have waived any of these guidelines that are inconsistent with the member's scheduling preference request submitted to the College.
- g. By mutual agreement, the College and the Association may establish alternative workload assignments and schedules for bargaining unit members (e.g., different numbers of work days per year, hours per day, calendar, presence at a designated worksite, etc.) that are inconsistent with any provisions of the Agreement. Any such agreement must be in writing and signed by the President of the Association or designee and the Provost or designee to be valid and effective.
- h. A new Adjunct Instructor will not ordinarily be given more than four workload hours or one course (whichever is greater) during the Instructor's first semester of employment. The College, if necessary, may exceed this limit, provided a representative of Human Resources will notify a representative designated by the Association of the reason(s) necessitating additional assignments prior to making them.

- c. The workload hours to be granted, the primary criteria for evaluation, and the schedule for performance and completion of the work of a special project will be established through consultation between the bargaining unit member(s) and supervisor(s) involved prior to commencement of the project. Such arrangements will be reduced to writing and signed by the responsible individuals.

5. Leadership Assignments

- a. After complying with Article IX, Participation in Governance, the College may make one or more leadership assignments (e.g., Program Faculty Chair, lead faculty, academic team leader, etc.) within a program, department or division as part of members' workloads, provided a member will not be compelled to accept an involuntary leadership assignment if another qualified member is willing and able to perform it, and a member will not be compelled to accept an involuntary assignment to a leadership position in consecutive academic years.
- b. The workload hours to be granted, the primary criteria for evaluation, and the schedule for performance and completion of a leadership assignment will be established through consultation between the bargaining unit member and supervisor involved prior to commencement of the assignment. Such arrangements will be reduced to writing and signed by the responsible individuals.

6. Attendance at College Functions

- a. Full-time bargaining unit members are required, and part-time bargaining unit members are encouraged, to attend the College's Commencement Ceremony. The College will provide required caps, gowns, and hoods for

faculty who timely commit to attend Commencement. Faculty members shall provide any other regalia.

- b. Bargaining unit members may be asked to serve as chaperones at College functions. A member who is unable to serve after agreeing to do so will notify the Office of Student Life as soon as possible and will make every effort to find a substitute.

Except as otherwise provided in this Agreement, fluctuations in workload will not change the part-time or full-time status of a bargaining unit member.

B. Academic Professional Assignments and Workload

The workload of Academic Professionals is generally assigned by a clock hour schedule. Subject to the restrictions set forth in this Article, the College may schedule the work of Academic Professionals as needed during the 12-month academic year at any time the College is open.

Alternative work schedules may be assigned subject to applicable workload limits and subject to approval of the responsible Dean or designee. All schedules are subject to advance approval by the administrative supervisor.

2. Part-time Academic Professionals

Preparations for voluntary overloads do not count toward these limits.

The College may, but is not required to, assign additional work to full-time Teaching Faculty, which will be paid according to Article XXI Professional Compensation unless specifically noted in the remaining sections of this Article or by agreement of the College and the Association.

5. A full-time Teaching Faculty member's scheduling of time on campus will be the shared responsibility of the individual Teaching Faculty and supervisor, while taking into account the needs of the students, the department, and the College. The schedule of work for classes, student consultations, and other responsibilities will provide for each full-time Teaching Faculty to be on the campus where the faculty member's department is located a minimum of three days per week for a sufficient time to provide ample availability to students and colleagues.

If the Early College increases the number of workdays beyond 204 in the academic year, the Association and the College will meet to negotiate over changes to the applicable salary schedules.
- b. The full-time workload for a Licensed Professional Counselor assigned to the Early College will consist of an average of 40 hours of scheduled work

time each week scheduled over not more than 204 workdays, on a calendar determined in cooperation between the Intermediate School District and the College. If the Early College increases the number of workdays beyond 204 in the academic year, the Association and the College will meet to negotiate over changes to the applicable salary schedules.

- c. In addition, as part of the base workload, full-time faculty in the Early College shall participate in scheduled parent-teacher conferences and interactions, recruiting activities, and other activities as required outside of the normal school day for the success of the Early College program.
- d. Each full-time faculty member of the Early College will be scheduled for a duty-free lunch period of 40 minutes each full workday, not considered work time.
- e. If faculty are compelled to work during their lunch period or during evenings (e.g., for parent conferences held outside the school day), their schedules will be flexed to provide a comparable amount of time off.
- f. The full-time faculty workloads described in this Section are in lieu of those described in Sections B.1 and C of this Article.

G. Substitute Teaching

1. Short-Term Substitution

- a. As soon as possible, a faculty member who is unable to teach a class at the established time will notify the department/program supervisor of the need and request qualified members of the department/program to substitute. Such a member may secure a substitute by either:
 - 1) Arranging to exchange classes with another faculty member, provided they are both qualified to teach the exchanged classes; or
 - 2) Finding a qualified faculty member willing to serve as a paid substitute.
- b. Any proposed substitution is subject to approval of the program/department supervisor. The College will not be required to pay additional compensation to either faculty member for the exchanged classes. If not covered by an exchange of classes, the department/program supervisor may assign an available faculty member to the substitute teaching. An assigned substitute will be paid pursuant to Article XXI Professional Compensation, in which case the faculty member needing a substitute will be required to use available paid leave benefits to be paid for the missed class. If a substitute is not assigned, the department/program supervisor may authorize

cancellation of the class, in which case the faculty member needing a substitute will be required to use available paid leave benefits to be paid for the missed class.

- c. As short-term substitute assignments are temporary in nature, substitution hours worked do not count toward a Teaching Faculty member's maximum workload.

2. Long-term Substitution

A long-term substitution occurs when a faculty member is reassigned as the instructor of record for a course section or for at least 25 percent of the scheduled class meetings. The corresponding workload is prorated based on the proportion of the classes taught by the substitute. When a part-time Teaching Faculty member is assigned to a long-term substitution that will cause the member to exceed the member's maximum workload for the academic year, a letter of agreement must be signed between the College, the Association, and the affected faculty member to appropriately address the temporary increase in workload. Increases in workload resulting from long-term substitution will not change the part-time status of bargaining unit members.

H. Work between Semesters for Teaching Faculty

Work assignments to be performed between semesters will not be considered part of the academic year teaching workload and will not count for purposes of workload limits.

I. Learning Communities

Learning Communities consist of two or more courses from different disciplines which are fully integrated into a unitary syllabus with a common theme and are taught to a cohort.

1. Linked Course Learning Communities are taught separately (i.e., only the faculty member teaching attends a course session).
 - a. Before a Linked Course Learning Community is developed, the Teaching Faculty member(s) and the program/department administrator(s) involved will consult to determine the workload hours to be granted for development, how those hours will be allocated to the faculty member(s) involved, and the time frame for planning and completing the coordinated syllabi. Any agreement reached will be reduced to writing and signed by the responsible individuals.
 - b. The workload hours for teaching one course that is part of a Linked Course Learning Community will be the contact hours required to teach that course. The workload hours for teaching will be in addition to the workload hours for course development under Subparagraph 1.a.

2. Integrated Course Learning Communities are taught jointly (i.e., each faculty member attends all course sessions).
 - a. Before an Integrated Course Learning Community is developed, the teaching faculty member(s) and the program/department administrator(s) involved will consult to determine the workload hours to be granted for development, how that hours will be allocated to the faculty member(s) involved, and the time frame for planning and completing the integrated syllabus. Any agreement reached will be reduced to writing and signed by the responsible individuals.
 - b. The total workload hours for teaching an Integrated Course Learning Community will be equal to 1.5 times the sum of the hours of the constituent courses. For example, if a WRIT 121 (4 hours) is integrated with a CJUS 255 (3 hours), the total workload hours for the Integrated Learning Community would be 10.5 ($1.5 \times (4+3) = 10.5$). Except as otherwise agreed by the faculty member(s) teaching the Integrated Learning Community and the program/department administrator(s), the total workload hours would be divided in proportion to the hours of their respective components (e.g., the WRIT teacher would receive credit for 6 hours and the CJUS teacher would receive credit for 4.5 hours). The workload hours for teaching will be in addition to the workload hours for course development under Subparagraph 2.a.

J. Module Development and Delivery

1. Module Definition

A module is a component of an approved College course offered as a separate educational package, which includes learning outcomes and may include learning activities and assessment procedures, designed to guide learners through a specific unit of instruction.

2. Module Development

Module development will be considered course revision. The workload hours granted to faculty for module development will be determined collaboratively between the faculty member and program/department administrator(s). If modules are to be self-paced, their development will be considered “significant revisions.” Self-paced modules will be developed within the “module template” format (with all learning exercises, quizzes, tests, and accompanying course materials to be included). Due to the complex nature of self-paced modules, development of self-paced modules may be compensated at up to four hours for each contact hour of the module (depending upon the percentage of work done by the faculty member, instructional designer(s) or support staff, etc.).

3. Faculty Workload for Module Teaching/Oversight

Time Period	Faculty Oversight	Delivery Mode	Workload Formula
Defined enrollment (Everyone starts & ends on same date)	Instructor led	Face to face, virtual, or hybrid	1 Module cr. = 1 workload hour
Open entry	Self-paced, limited instructor role*	Virtual or self-directed	Module cr. \div 12 x # of students = workload hours (Example: .5 module offered to 6 students, $.5/12 \times 6 = .25$ workload hours)
Open entry	Self-paced, limited instructor role*	Face to face or hybrid	Module cr. \div 12 x # of students = workload hours (Example: .25 module offered to 6 students, $.25/12 \times 6 = .125$ workload hours)
Open entry	Instructor led, w/ lab components & instructor present	Face to face or hybrid	Module cr. \div 10 x # of students = workload hours (Example: .5 module offered to 2 students, $.5/10 \times 2 = .1$ workload hours)
Open entry	Combination: self-paced didactic and hands-on labs w/ instructor present	Face to face, virtual, or hybrid	Module cr. \div 10 x # of students = workload hours (Example: .5 module offered to 6 students, $.5/10 \times 6 = .3$ workload hours)
Open entry or defined enrollment	Open laboratory setting	Face to face	2 hrs. in lab= 1 contact hour (32 hours per week x 16 weeks = 16 workload hours)

*Limited instructor role: grading of assignments & tests, answering questions, posting grades.

K. Independent Study/Worksite Study/Directed Study

1. Independent Study involves a course of study whose content is not offered through an existing course at the College and whose content and learning outcomes are developed through consultation between the student(s) and a Teaching Faculty member.
2. Worksite Study involves supervision of student interns/externs pursuing established learning outcomes and academic credit for worksite experience in their field of study.

3. The Teaching Faculty member(s) and the program/department administrator(s) involved will consult to determine the workload hours to be granted for Independent Study, or Worksite Study. The hours to be granted will reflect the amount of faculty preparation, meeting time, and evaluation required and will not in any case exceed the workload hours that would result from teaching a conventional course of like academic hours. Any agreement reached will be reduced to writing and signed by the responsible individuals with copies provided to the Association President and Executive Director of Human Resources.
4. Directed Study involves a course of study offered to three or fewer students where the course content and learning outcomes are the same as an existing course offered by the College.
5. The workload hours for Directed Study will be .25 times the number of students times the number of academic hours for the regular course.

L. Non-Traditional Work Assignments

1. Non-traditional work assignments consist of non-credit and fractional-credit instruction or training offered to the general public, and instruction or training provided under contract for the benefit of an identifiable group, through the Business and Community Institute (BCI) or other community education programs.
2. Non-traditional work assignments may be offered to faculty members on a voluntary basis but need not be unless required to satisfy a current faculty member's minimum workload obligations.
3. Full-time faculty members and Adjunct Professors may be required to accept non-traditional work assignments if they have less than a full workload and the assignment is required to satisfy their minimum workload obligations.
4. Non-traditional work assignments will not count for workload purposes except when such assignments are made to satisfy the faculty member's minimum workload obligations.

ARTICLE XII. SEAT LIMITS

- A. The following seat limits shall apply unless a lower number is dictated by facility limitations or is agreed upon by the parties for other reasons (e.g. pedagogy, safety, etc.). All seat limits in effect immediately prior to ratification of the Agreement, including Online and Hybrid seat limits, will not be changed after ratification except in accordance with Article IX Participation in Governance.

B. Seat limits for Learning Communities

Seat limits for Linked Course Learning Communities will be the same as for the comparable “unlinked” courses. Seat limits for Integrated Course Learning Communities will be set through the Participation in Governance process (Article IX.).

C. Over-Enrolled and Under-Enrolled Sections

1. Sections may be taught with up to two students over the established seat limit (determined as of the day after the end of the 50 percent refund period for the section) if the over-enrollment is the result of a documented error of the College as confirmed by the Provost’s office and the over-enrollment is not otherwise prohibited by the Fire Marshall or instructional facility limitations. In the event of over-enrollment due to a documented error of the College, the faculty member will be eligible for an over-enrolled class stipend as described in Article XXI, Professional Compensation Section G.
2. Before canceling a class section with low enrollment, the College may offer faculty members the opportunity to teach the class on a reduced pay basis as described in Article XXI, Section G (with the first offer made to the member assigned to the section).

D. Secondary Education Classes

Seat limits for secondary education classes will be set by the College in accordance with the terms of the contract(s) or grant(s) under which the classes are offered and will not exceed any limits imposed by applicable law or regulation. No other limits set forth in this Article are applicable to such classes.

ARTICLE XIII. EMPLOYMENT PRACTICES

A. Probationary Contracts

1. A full-time bargaining unit member on a probationary contract shall be notified in writing by February 15 if the member is to be offered a contract for the next academic year.
2. Non-renewal of a probationary contract shall not be subject to any just cause provision of this Agreement and shall not be grievable.

B. Temporary, Interim, and Provisional Contracts

1. Temporary Contracts

- a. The purpose of a temporary contract is to fill a temporary position, as defined under Appendix D Glossary, with someone who is not already a member of the bargaining unit. The Association will be informed when a temporary contract is offered and the reason therefore.
- b. A temporary contract shall be issued for a period of time not to exceed one year. A temporary contract may be renewed for up to two additional years if the original conditions for the contract still prevail. If a temporary contract is renewed so that it is in effect for three consecutive years, the position must be terminated at the end of the third year unless it is re-established as a regular position.
- c. The decision regarding renewal of a temporary contract and/or reestablishment of a temporary position as a regular position rests with the College. Non-renewal of a temporary contract shall not be subject to any just cause provision of this Agreement and shall not be grievable.
- d. If a temporary position is re-established as a regular position, it must be posted and filled through a competitive search unless the incumbent was placed in the position by a competitive search.
- e. Work performed under a temporary contract shall be credited for purposes of seniority and, if directly relevant, for purposes of changes in status under this Article.

2. Interim Contracts

- a. The purpose of an interim contract is to temporarily fill a position within the bargaining unit or outside the bargaining unit with someone who is already a member of the bargaining unit. The Association will be informed when an interim contract is offered and the reason(s) therefore.

- b. An interim contract shall be issued for a period of time not to exceed one year. An interim contract may be renewed for up to two additional years if the original conditions for the contract still prevail.
- c. The decision concerning non-renewal of an interim contract or termination of an interim assignment rests with the College. Non-renewal of an interim contract or termination of an interim assignment shall not be subject to any just cause provision of this Agreement and shall not be grievable.
- d. Upon completion of an interim contract, the bargaining unit member shall return to the member's former position, if it still exists, at the rate the member would have received absent the interim assignment, or to another mutually agreed-upon bargaining unit position the employee is qualified to perform, absent just cause and subject to the other provisions of this Agreement.
- e. Work performed under an interim contract shall be credited for purposes of seniority and, if directly relevant, for purposes of changes in status under this Article.

3. Provisional Contracts

- a. The purpose of a provisional contract is to fill a provisional position as defined under Appendix D Glossary. The Association will be informed when a provisional contract is offered and the reason(s) therefore.
- b. A provisional contract will be contingent upon the continuation of the provisional position. Non-renewal of a provisional contract shall not be subject to any just cause provision of this Agreement and shall not be grievable. However, a post-probationary employee in a provisional position that continues in effect shall not be removed from the position without just cause and removal of such an employee is grievable.
- c. If the College determines to re-establish a discontinued provisional position as a regular position, it must be posted and filled through a competitive search unless the incumbent was placed in the position by a competitive search.
- d. Work performed under a provisional contract shall be credited for purposes of seniority and, if directly relevant, for purposes of changes in status under this Article.

C. Continuing Contracts

Each bargaining unit member issued a Continuing Contract or Associate Continuing Contract shall be non-probationary with just cause protection pursuant to Article XVII Conditions of Employment, Section C. Due Process. Just cause protection for a member on a provisional contract relates only to the member's provisional position and no other.

D. Full-time Teaching Faculty members will be assigned the status of:

1. Assistant Professor

- a. All full-time Teaching Faculty in the bargaining unit are employed as full-time Assistant Professors until achieving the status of full-time Professor. Full-time Assistant Professors are considered probationary and employed at-will.
- b. Full-time Assistant Professors shall be assigned courses and/or other professional work constituting a full-time workload each semester (Fall and Spring), if available in a discipline in which the Full-time Assistant Professor is qualified. Full-time Assistant Professors may be assigned additional professional work, subject to limits contained in this Agreement. Full-time Assistant Professors have priority over part-time Teaching Faculty in receiving work assignments to fill their mandatory workload, provided they are determined by the College to be well-qualified to satisfactorily teach available courses.

2. Full-time Professor

- a. Full-time Professors are non-probationary and shall be granted Continuing Contract status.
- b. Full-time Professors shall be assigned courses and/or other professional work constituting a full-time workload each semester (Fall and Spring), if available in a discipline in which the full-time Professor is qualified. Full-time Professors may be assigned additional professional work, subject to limits contained in this agreement. Full-time Professors have priority over full-time Assistant Professors and part-time Teaching Faculty in receiving work assignments to fill their mandatory workload, provided they are determined by the College to be well-qualified to satisfactorily teach available courses.

E. Part-time Teaching Faculty will be assigned the status of:

1. Adjunct Instructor

All part-time Teaching Faculty in the bargaining unit are Adjunct Instructors until achieving the status of Adjunct Associate Professor. Adjunct Instructors are considered probationary and employed at-will, with no assurance of receiving work assignments.

2. Adjunct Associate Professor

a. Adjunct Associate Professors are non-probationary and shall be granted Associate Continuing Contract status.

b. Adjunct Associate Professors shall be offered one or more available course(s) totaling at least three workload hours per semester (Fall and Spring), provided the member is determined by the College to be well-qualified to satisfactorily teach the course and the course is not otherwise assigned to a full-time Teaching Faculty member or to an Adjunct Professor to fill their required workload.

3. Adjunct Professor

a. An Adjunct Professor is non-probationary and shall hold Associate Continuing Contract status.

b. Adjunct Professor status is intended to recognize and reward the College's highly effective and highly committed Adjunct Associate Professors. Adjunct Professor status is for a term of five consecutive academic years. Not later than June 30 of the fourth year of such term, the member may apply for renewal of Adjunct Professor status. A member who is reappointed will continue with adjunct professor status for another term of five consecutive academic years commencing at the end of the original term if a position is available. A member who is not reappointed as Adjunct Professor reverts to Adjunct Associate Professor status.

c. Adjunct Professor status will be lost if the employment relationship/seniority is terminated, if the member suffers loss of seniority under Section L. of this Article, if the member voluntarily surrenders the status, or if the status is lost for just cause.

d. An Adjunct Professor shall be assigned courses totaling 12 workload hours per semester (Fall and Spring), and/or other professional work (such as committee work and other leadership assignment), if available in a discipline in which the Adjunct Professor is well-qualified. An Adjunct Professor may be assigned additional teaching assignments and other

professional work, subject to the limits in the Fall and Spring workload schedule set forth in Article XI. Workload.

- e. An Adjunct Professor shall be offered at least one available course in the Professor's department during Summer semester provided the member is determined by the College to be well-qualified to satisfactorily teach the course and the course is not otherwise assigned to a full-time Teaching Faculty member as part of the member's full-time teaching load.
- f. The number of vacant Adjunct Professor positions in each program/department shall be determined through the Program/department Operating Plans process described in Article IX.B. If the Association is dissatisfied with the number of positions opened for any academic year, it may require a meeting with College representatives to discuss the circumstances and explore the alternatives in an effort to reach agreement on the number of positions.

F. Full-time Academic Professional Faculty will be assigned status as follows:

- 1. Probationary Academic Professional Faculty

All full-time Academic Professional faculty members are Probationary Academic Professional until achieving the status of Continuing Contract Academic Professional. Probationary Academic Professionals are employed at-will.

- 2. Continuing Contract Academic Professional Faculty

Continuing Contract Academic Professionals are non-probationary and shall be granted Continuing Contract status.

- 3. Full-time Academic Professional Faculty shall be assigned a full-time workload during each academic year, in a discipline in which the member is qualified, if available. Full-time Academic Professional Faculty may be assigned additional professional work, subject to limits contained in this Agreement. Within their classification, Continuing Contract Academic Professionals have priority over Probationary Academic Professionals and Part-time Academic Professional faculty members in receiving work assignments to fill their workload, provided they are determined by the College to be well-qualified to satisfactorily perform the required work.

G. Part-time Academic Professional Faculty shall be assigned status as:

- 1. Probationary Associate Academic Professional

All part-time Academic Professional Faculty in the bargaining unit are Probationary Associate Academic Professional until achieving the status of

Associate Continuing Contract Academic Professional. Probationary Associate Academic Professionals are employed at-will, without any assurance of receiving work assignments.

2. Associate Continuing Contract Academic Professional

Associate Continuing Contract Academic Professionals are non-probationary and shall be granted Associate Continuing Contract status.

H. General Provisions

1. Current full- and part-time bargaining unit members will be utilized to fill work assignments whenever possible, provided the College determines they are available and well-qualified to satisfactorily perform the required work. The College will not arbitrarily and capriciously hire new bargaining unit members if doing so would unduly limit the workload priorities of current bargaining unit members under this Article and will not use other college employees who lack associate continuing contract status to teach a course if doing so would result in a well-qualified adjunct associate professor or adjunct professor not being offered workloads as provided in other sections of this article.

2. In the event a bargaining unit member with Associate Continuing Contract status is not to be issued a work assignment for the following academic year, the member will be notified in writing by the end of the 14th week of the Spring semester. If a dispute arises regarding this section, a grievance may be commenced at Level Two of the grievance procedure.

3. Issuance and fulfillment of an Associate Continuing Contract shall be contingent on student and departmental needs and enrollment, the work assignment priorities of full-time bargaining unit members, and the availability of work assignments the part-time member is determined by the College to be well-qualified to satisfactorily perform.

4. Each semester, the College will inform current bargaining unit members of their subsequent semester employment as soon as possible.

5. Work Assignments and Schedule Preferences

Each semester, the College will request assignment and schedule preference information from each bargaining unit member and provide the responses it receives for use in scheduling. To the extent they are consistent with the standards described in Article XI. Workload, such responses shall be given priority consideration in the following order:

- a. For Teaching Faculty within their program or department:
 - 1) Professors
 - 2) Assistant Professors
 - 3) Adjunct Professors
 - 4) Adjunct Associate Professors
 - 5) Adjunct Instructors
 - b. For Academic Professionals within their department and classification(s):
 - 1) Continuing Contract Academic Professionals
 - 2) Probationary Academic Professionals
 - 3) Associate Continuing Contract Academic Professionals
 - 4) Probationary Associate Academic Professionals
6. Course Schedule Changes

It is recognized that course schedule changes should be made as early as possible, preferably by the end of the first week of a semester.

- a. If cancellation of a course section scheduled to be taught by a full-time Teaching Faculty member would drop the member's workload below a full-time workload for the Fall or Spring semester, and other work is available in the department to do so, the Supervising Administrator or designee shall either:
 - 1) Reassign from a full-time Teaching Faculty member with overload or a part-time Teaching Faculty member a scheduled course in the department which the full-time Teaching Faculty member is determined by the College to be well-qualified to teach; or
 - 2) Assign or reassign other suitable work in the department to satisfy the obligation of a full-time workload for the Semester; or
 - 3) If the cancellation occurs during Fall semester, the College may assign additional courses or other work for Spring semester to make up the shortage subject to the limits contained in Article XI Workload.

- b. If cancellation of a course section would drop an Adjunct Professor's workload below 12 workload hours for the Fall or Spring semester, and other work is available in the department to do so, the Supervising Administrator or designee shall either:
 - 1) Reassign from an Adjunct Instructor, or from an Adjunct Associate Professor teaching more than one course, or from a full-time Teaching Faculty member with overload, a scheduled course in the department which the Adjunct Professor is determined by the College to be well-qualified to teach; or
 - 2) Assign or reassign other suitable work in the department to satisfy the obligation of 12 workload hours for the semester.

- c. If cancellation of a course section would leave an Adjunct Associate Professor without any assignment for the Fall or Spring semester, and other work is available in the department to do so, the Supervising Administrator or designee shall either:
 - 1) Reassign from an Adjunct Instructor or from an Adjunct Associate Professor teaching more than one course or from a full-time Teaching Faculty member with overload, a scheduled course in the department which the Adjunct Associate Professor is determined by the College to be well-qualified to teach; or
 - 2) Assign or reassign other suitable work in the department.

In making such course schedule changes, the faculty and the Supervising Administrator shall strive to minimize the number of course sections reassigned.

- 7. For the purposes of this Article, "determined by the College to be well-qualified to satisfactorily teach/perform" means that a bargaining unit member:
 - a. Has demonstrated, based on academic record or past experience, that he/she has satisfactory content knowledge to achieve the established outcomes for the required work, and
 - b. Has demonstrated, based on relevant factors, including student, peer, and/or administrative evaluations as applicable under Article XIV Faculty Performance Reviews and Professional Development, that the member has pedagogical skills and abilities at or above the median for the member's classification in his/her department/program. Student feedback and/or student evaluation data shall not be used as the sole factor in this determination.

The initial determination shall be made by the Supervising Administrator over the required work. In the event a bargaining unit member disagrees with a determination that the member is not “well-qualified to satisfactorily teach/perform,” the member may submit a written appeal to the Dean or designee detailing the basis for the disagreement. The Dean or designee shall make the final determination. After being determined to be “well-qualified to satisfactorily teach/perform” in a department/program, a bargaining unit member shall not lose that determination solely due to passage of time since working in the department/program, and shall not lose that status without being informed at least 30 days before the change in status impacts work assignments.

8. Online/Hybrid Assignments

- a. Bargaining unit members shall only be deemed well-qualified to develop, teach, or work an online and/or hybrid assignment if they have met one of the following criteria:
 - 1) Demonstrated competence through relevant work experience or training; or
 - 2) Completed the LCC Teaching Online Certification (TOC) offered through the Center for Teaching Excellence (CTE); or
 - 3) Completed the Michigan Virtual University (MVU) Certification or its equivalent.

9. Pre-K-12 Assignments

- a. Bargaining unit members who provide services through the College at any pre-K-12 school facility or in any program for pre-K-12 school students will, as a condition of employment, be subject to finger-printing, criminal history checks, and such other legal qualifications and requirements as generally apply to public school teachers. The College will conduct required fingerprinting and background checks or will pay the costs of such activities. The College will assist bargaining unit members in correcting any clerical errors in reports concerning criminal history and background checks.
- b. Records of criminal history checks and background checks obtained by LCC under this section will be kept as confidential as possible consistent with applicable legal requirements

I. Transfer Outside the Bargaining Unit

- 1. A bargaining unit member may be given an Interim Assignment to a position within the bargaining unit or to a position outside of the bargaining unit. A member given

an Interim Assignment will continue to accrue seniority in this bargaining unit. At the end of an Interim Assignment, such member shall have the right to return to his or her former position (if it still exists) at the rate the member would have received absent the Interim Assignment or to another mutually agreed-upon bargaining unit position the employee is qualified to perform, absent just cause and subject to the other provisions of this Agreement.

2. An employee who leaves the bargaining unit for a position with the College outside the bargaining unit, other than through Interim Assignment, shall retain but not accrue additional seniority credit while in such position. The Employer may, in its sole discretion, determine the compensation, benefits, hours, and conditions of employment for employees outside of the bargaining unit, including whether or not such employees may be discharged or permitted to seek an available position in the bargaining unit.

J. Multiple Work Assignments

1. Bargaining unit members may be offered and accept work throughout the College with different job titles. The various jobs will be identified and compensated accordingly pursuant to the appropriate contract. Each additional position will be treated as a new and separate contract for purposes of this Agreement, except that a position that has been moved from one department to another without significant modification will not be treated as a new and separate contract for the incumbent for purposes of setting his or her pay rate.
2. Work performed in Teaching Faculty assignments will only be credited toward satisfaction of the criteria for Teaching Faculty status. Work performed in Academic Professional assignments will only be credited toward satisfaction of the criteria for Academic Professional status.

K. Supplemental Work Assignments

In lieu of or in addition to a member's normal work, the College may but is not required to assign supplemental work that is normally covered by another kind of contract (e.g., a member covered by a regular contract may be offered supplemental work normally covered by a temporary contract or provisional contract; a member covered by a provisional contract may be offered supplemental work normally covered by a regular contract or a temporary contract, etc.). Performance of such supplemental work will not change the established status of the member receiving the assignment (e.g., a regular employee will remain a regular employee despite performing supplemental provisional or temporary work; a provisional employee will remain provisional despite performing supplemental regular or temporary work, etc.).

L. Loss of Seniority

1. An employee's seniority and his/her employment relationship within the bargaining unit shall automatically terminate for any of the following reasons:
 - a. If the employee is discharged or terminated and not reinstated through the procedures set forth in this Agreement;
 - b. If the employee resigns, quits, retires, or receives a pension, including a disability pension, from a plan sponsored by the College;
 - c. If the employee on layoff status fails to contact the Employer within 30 days after being notified of recall, or fails to report for work as scheduled following notification of recall, in the absence of extenuating circumstances;
 - d. If the employee accepts a settlement from the Employer for permanent disability;
 - e. If the employee has not been recalled from layoff for a continuous period of 36 months or the length of the employee's seniority at the time of commencement of layoff, whichever is less;
 - f. If the employee has been on leave of absence, other than military leave, for a period of 36 months or the length of the employee's seniority at the time of commencement of leave of absence, whichever is less;

**ARTICLE XIV. FACULTY PERFORMANCE REVIEWS
AND PROFESSIONAL DEVELOPMENT**

- A. The purpose of faculty performance reviews and professional development is to establish a continuous improvement process focused on improving service and student learning outcomes while supporting professional growth on a systematic basis.
- B. Periodic Reviews
1. The College will conduct periodic reviews of faculty members according to the following schedule:

Status	Maximum Time Until Periodic Review
Probationary Full-Time Teaching Faculty	Annual
Probationary Full-Time Academic Professional	Annual
Probationary Part-Time Teaching Faculty	Within first 24 workload hours and each 40 workload hours thereafter
Probationary Part-Time Academic Professional	Within first 1,000 clock hours and each 1,000 clock hours thereafter
Continuing Contract Full-Time Teaching Faculty	Every 6th academic year after achieving Continuing Contract status
Continuing Contract Full-Time Academic Professional	Every 6th academic year after achieving Continuing Contract status
Associate Continuing Contract Part-Time Teaching Faculty	Every 6th academic year after achieving Associate Continuing Contract status
Associate Continuing Contract Part-Time Academic Professional	Every 6th academic year after achieving Associate Continuing Contract status

The College will establish a rotating schedule for periodic performance reviews of post-probationary bargaining unit members. Members scheduled for a periodic review will be so advised no later than August 30 of the academic year for which the review is scheduled. If a periodic review cannot be completed (e.g., because the member is on leave of absence or layoff, etc.), it will be rescheduled for the following academic year.

2. Periodic reviews will address professional development activities and plans, performance of professional responsibilities (as summarized in Article VIII.), adherence to professional standards and codes of ethics if applicable, relationships with peers and students, and other work-related criteria. At a minimum, periodic performance reviews will be based on the following components if they are available.

a. Administrator Performance Assessment

Each faculty member’s performance will be periodically reviewed by the Supervising Administrator or designee. As part of the review, the Supervising Administrator or designee will observe the faculty member’s classroom/ workplace performance for a minimum of one hour on at least one day during the academic year for which the review is scheduled. A second observation will be conducted if requested by the administrator or the faculty member. The faculty member will be given at least seven days’ notice of each such observation period.

b. Student/Client Feedback

Written feedback about each faculty member’s performance will be obtained from students and other clients of faculty services at least annually and may be sought more often at the College’s discretion. Data or comments extracted from responses will be shared with the faculty member before they are used for purposes of periodic performance reviews. Student/client feedback data will not be used as the sole source of information for periodic performance reviews.

c. Peer performance assessment

Each faculty member’s performance will be periodically reviewed by one peer identified as follows:

Classification	Reviewing Peers
Teaching Faculty	Post-probationary Teaching Faculty with expertise in the member’s discipline if possible
Lab Instructor	Post-probationary Teaching Faculty with expertise in the member’s discipline if possible (including but not limited to the Faculty of Record in relevant courses)
Lab Assistant	Post-probationary Teaching Faculty with expertise in the member’s discipline if possible (including but not limited to the Faculty of Record in relevant courses)
Professional Tutor	Post-probationary Professional Tutors
Librarian	Post-probationary Librarians
Licensed Professional Counselor	Post-probationary Licensed Professional Counselors
Academic Advisor	Post-probationary Academic Advisors
Teaching Clinician	Post-probationary Teaching Faculty with expertise in the member’s discipline if possible
Supplemental Instruction Leader	Post-probationary Teaching Faculty with expertise in the member’s discipline if possible
Sign Language Interpreters	Post-probationary Sign Language Interpreters

The reviewing peers will be selected from faculty who volunteer or are nominated by other members of the faculty member's department. The faculty member being reviewed may request that an alternate be assigned for legitimate reason. Whenever possible, the reviewing peer will be selected from those who are appropriately trained to perform peer performance assessments. The reviewing peer will observe the faculty member's classroom/workplace performance for a minimum of one hour on at least one day during the academic year for which the review is scheduled. A second observation will be conducted if requested by the reviewing peer or the faculty member. The faculty member will be given at least seven days' notice of each such observation. After each observation, the reviewing peer will document the strengths and weaknesses of the faculty member's performance, will describe any recommendations for improvement, and will meet with the faculty member to discuss the observations and recommendations.

d. Self-Assessment

As part of the periodic performance review, the faculty member being reviewed will write a self-assessment concerning the strengths and weaknesses of the faculty member's performance and will describe any professional growth activities during the review period and any plans for future professional growth activities. The faculty member will submit the self-assessment, along with an updated curriculum vitae, to the responsible administrator at least one week prior to the meeting scheduled to discuss the comprehensive report.

3. Comprehensive Report

After taking into consideration all available components described above, the responsible administrator will prepare a comprehensive written report summarizing the relevant information and observations. The administrator will then meet with the faculty member to present and discuss the summarized peer performance assessments, the administrator performance assessment, the self-assessment, the student/client feedback, and any recommendations for improvement (which may be modified based on the discussion). Such discussions will be conducted confidentially. Only those persons with a legitimate need to know will have access to the review materials or to the comprehensive report prepared by the administrator. If a member disagrees with any of the information contained in the comprehensive report or the supporting materials, the member may submit a written explanation, which will become part of the periodic performance review file.

4. Periodic performance reviews for members in secondary education assignments will be conducted in accordance with this section or in accordance with processes and standards established by applicable law or regulation, whichever is more rigorous.

C. Ad Hoc Performance Reviews

A Supervising Administrator may conduct an ad hoc performance review. An ad hoc performance review may be based on peer observation, administrator observation, student/client feedback, and/or other performance-related data. The responsible administrator will meet with the faculty member to present and discuss a report on any documented weak or unsatisfactory performance and any recommendations for improvement (which may be modified based on the discussion). Such discussions will be conducted confidentially. Only those persons with a legitimate need to know will have access to the review materials or to the report prepared by the Supervising Administrator. If a member disagrees with any of the information contained in the review materials, the member may submit a written explanation, which will become part of the performance review file.

D. Improvement and Correction of Performance Problems

1. If a problem is identified and documented during a performance review of a probationary faculty member, the member will be informed of the problem and a written Individual Improvement Plan (IIP) may be prepared to identify actions the member must take as well as actions the College will take to support the member's efforts to improve. The faculty member will cooperate in establishing any such IIP and, to the extent practicable, the IIP will include objective and measurable standards and goals. The Supervising Administrator may assign a mentor to assist the probationary faculty member. Nothing contained in this Agreement changes the at-will nature of the employment of probationary members.
2. Where performance of a member with continuing contract status is significantly weak and/or has not been improved despite past efforts, an Individual Improvement Plan (IIP) will be prepared. The IIP will include actions the faculty member must take as well as actions the College will take to support the faculty member's efforts to improve. The faculty member will cooperate in establishing any such IIP and, to the extent practicable, the IIP will include objective and measurable standards and goals. The Supervising Administrator may assign a mentor to assist the faculty member covered by the IIP.
3. Where a continuing contract member's performance is significantly weak and/or has not been improved despite the member being given an individual improvement plan, further corrective action may be taken, including but not limited to action under the progressive discipline process.
4. Nothing contained in this section restricts the College's right to take corrective action based on unacceptable conduct.
5. The College will notify the MAHE President when a faculty member is given a performance rating of unsatisfactory.

E. Evaluation of Administrators

The College will periodically survey bargaining unit members for feedback concerning the performance of administrators of their program and/or department, or that head their division. To the extent permitted by any applicable collective bargaining agreement, the data and comments extracted from this feedback will be considered in any periodic performance reviews of those administrators.

F. Before adopting any new performance review instrument(s) or form(s) applicable to bargaining unit members, College representatives will negotiate with Association representatives concerning the design, content, implementation and administration. Copies of new performance review instrument(s) or form(s) will be made available to covered members prior to the beginning of any review period in which they are used.

G. Professional Development

1. Transforming Learning Through Teaching

During the term of this Agreement, the College will continue to offer the 12-week Transforming Learning Through Teaching Seminar/Class as created by the LCC Center for Teaching Excellence (CTE). Priority for enrollment will be given to those bargaining unit members and administrators who are willing to conduct performance assessments but lack appropriate training.

4. Teaching Online Certification (TOC)

During the term of this Agreement, the College will continue to offer TOC training or its equivalent through CTE. Priority for enrollment will be given to those

bargaining unit members who have not met one of the requirements outlined in Article XIII.H.8 and require completion for an online or hybrid assignment.

5. During the term of this Agreement, the College will continue to offer additional professional development opportunities to faculty through the LCC Center for Teaching Excellence (CTE).

7. The Change in Status review will involve consideration of the member by the member's Supervising Administrator and a Peer Review Committee made up of three to five non-probationary bargaining unit members selected in accordance with standards established by mutual agreement of the College and the Association:
8. The Change in Status review will include each of the following steps, all of which must be completed not later than two weeks after the end of Spring semester:

The Supervising Administrator and the Peer Review Committee may consult one another or act independently in reaching their recommendations.

- e. After consideration of the recommendations and written summaries, and such other information and documentation as may be deemed significant, the Dean will determine whether or not to grant the requested Change in Status. The Dean will advise the member of the decision in writing within 30 days after receipt of the recommendations and written summaries, and will provide copies of the Dean's decision to the Supervising Administrator and the Review Committee.
- 9. If the member disagrees with the determination by the Dean, the member may appeal to the Provost, by filing a written appeal with the Provost within 28 calendar days after being informed of the Dean's decision. The Provost will affirm or reverse the Dean's decision, and provide written notice of the Provost's decision to the member, the Supervising Administrator and the Review Committee. 1. Full-time Teaching Faculty members to be laid off shall be notified as soon as feasible prior to the effective date of the layoff, but in no event less than 60 calendar days before the end of the academic year for a layoff to be effective at the start of the following academic year except in the case of layoff pursuant to Section B.3. 4. While on layoff status, the College will automatically consider such laid off member to be a candidate for any vacant bargaining unit position, and such member will be given an opportunity to interview in appropriate circumstances. If the laid-off employee is hired into the vacant position, such hire shall release the College from any further recall obligation.

F. Recall

1. Faculty members shall notify the College's Human Resources Department in writing by certified letter each July following their layoff date of their availability for recall. Failure to provide such notice shall release the College from any obligation to consider or recall the faculty member thereafter.
2. Recall shall be in inverse order of layoff provided the faculty member being recalled is qualified to perform the work required in the available position.

3. Notice of recall shall be delivered by any reasonable method and confirmed by certified letter mailed to the faculty member's home address as shown in the member's official personnel record at the time with a copy sent to the Association president. In the event the recalled faculty member does not notify the College by certified mail of acceptance of recall within 30 calendar days of the date of mailing of said notice, the faculty member shall be deemed to have refused recall and to have terminated his/her employment with the College.
4. A faculty member recalled to the position from which the member was laid off, or a position of the same type, shall receive the same credit for years of service and shall be placed on the same Step of the compensation schedule as the member held on the date of layoff.
5. The laid off faculty member's position shall not be filled by a new hire during the period in which the faculty member is eligible for recall unless the faculty member has been offered reappointment and has declined or has failed to respond as hereinabove provided or the member is not available and well-qualified to perform the required work.

ARTICLE XVII. CONDITIONS OF EMPLOYMENT

A. Personnel Files

1. Each bargaining unit member may, upon written request, review the contents of his/her own general personnel file, which may not include certain materials that can or must be excluded under applicable law. A representative of the Association may, at the written request of the member, have access to the general personnel file and/or accompany him/her in such review. The review will be conducted only in the presence of the administrator(s) responsible for the safekeeping of the personnel file or someone appointed to act in the administrator's behalf. The College will notify the employees of requests for information from their personnel files, in conformance with the Bullard-Plawecki Employee Right to Know Act and the College Employee Personnel Files Policy.
2. No disciplinary report and/or supporting documents will be placed in a bargaining unit member's official personnel file, except in accordance with Section C of this Article.
3. A bargaining unit member may file a written request with Human Resources for removal of Level 1 and Level 2 disciplinary reports from the member's personnel file after one year. The bargaining unit member will be notified in writing of the decision regarding the request for removal and a reason, if denied. Disciplinary reports or documents removed from a member's personnel file may be retained by the College in a separate file for any legitimate purpose but will be inadmissible in any subsequent disciplinary proceeding against the member.

4. If there has been no request for removal of the disciplinary report(s) or document(s) or the request for removal was denied and no additional disciplinary action against the bargaining unit member has been initiated within two years, any Level 1 and Level 2 disciplinary report(s) more than two years old will be inadmissible in any subsequent disciplinary action against the bargaining unit member, unless the previous discipline is related to the current offense(s) or misconduct or there is an agreement between the parties to admit it.
5. Unless authorized in writing by the member or as compelled by law, the College will only respond to inquiries about a member's employment by providing verification of employment, dates of employment and positions held.

B. Complaints

1. If the College receives a credible complaint of misconduct against a bargaining unit member, it shall notify the member as soon as reasonably practical, but within not more than 20 working days after receiving the complaint absent good cause for delay. Good cause for delay could include, but is not limited to, the member being on vacation or leave of absence or the sensitivity of the investigation being such that informing the member could compromise proper investigation of the complaint, etc.
2. The notification shall include a reasonably detailed summary of the complaint, including the name(s) of the complainant(s) in appropriate circumstances, unless a copy of the complaint is provided. If notification is delayed, it shall also include an explanation of the reason(s) for the delay.
3. A complaint not timely reported to a bargaining unit member in accordance with Subsection 1 shall not be used for disciplinary action.

C. Due Process

1. Just Cause

Except as otherwise provided in this Agreement, all disciplinary action shall be for just cause. Just cause shall not be required in the case of discipline or discharge of probationary employees.

2. Investigatory Interviews

Except in unusual circumstances, a member subject to possible discipline will be interviewed by the Employer prior to a decision being made about whether or not to take disciplinary action. In such cases, the member will ordinarily be informed of the general topic being investigated before being questioned, unless the College determines such notice might be harmful (e.g., if such notice might hinder or

undermine a thorough and effective investigation, create a risk of retaliation, etc.). In deciding what, if any, disciplinary action to take, the Employer shall consider the member's prior disciplinary record, including evidence of good or improved behavior. A member shall be accompanied by an Association representative during investigatory interviews which could reasonably be expected to lead to disciplinary action against the member, unless the member expressly declines such representation in writing. A member placed on unpaid administrative leave pending investigation shall not remain on such unpaid leave for more than one full payroll period before a Due Process Hearing is offered under section D.3 of this Article.

3. Due Process Hearings

Before imposing Level 3 or Level 4 discipline, the Employer shall, in addition to any investigatory interview, offer a member an informal hearing during which the member is informed of the allegations against him/her and the general nature of the evidence, and is given an opportunity to respond by providing evidence and explanation. An Association representative shall attend any such hearing and represent the member, unless the member expressly declines such representation in writing

4. Progressive and Corrective Discipline

- a. The parties subscribe to the principles of progressive corrective discipline in cases in which it appears likely to successfully correct a member's unsatisfactory performance, conduct or behavior. However, progressive corrective discipline shall not be required in the case of serious infractions which justify immediate suspension, discharge, or in other cases in which it does not appear likely to result in successful correction. Nothing contained in the Agreement shall be construed to prevent the Employer from imposing Level 3 or Level 4 discipline immediately after informal hearing in appropriate cases, or from placing any employee on administrative leave pending further investigation.
- b. Disciplinary action shall range from Level 1 (least severe) to Level 4 (discharge), and any Level may be repeated or skipped depending on the circumstances of each case.
 - 1) Level 1 will be for relatively minor problems where the member has had few, if any, prior problems.
 - 2) Level 2 will be for repeat or frequent or multiple minor problems.
 - 3) Level 3 will involve a suspension without pay for one to ten work days and will be for more serious problems or for continuing problems after the member fails to respond to lesser discipline.

- 4) Level 4 will involve discharge and will be for serious problems or for continuing problems after the member fails to respond properly to Level 2 or Level 3 discipline.

5. Disciplinary Reports

- a. The Employer shall notify a member of any disciplinary action taken against the member. Such notice shall be in the form of a written disciplinary report, briefly describing the specific incident or infraction and for Level 1, 2, or 3 disciplinary action shall include a written corrective action plan. An Association representative shall attend a meeting called for the purpose of imposing Level 3 or Level 4 disciplinary action, unless the member expressly declines such representation in writing.
- b. A Level 3 discipline shall state the duration of the suspension without pay, which shall be based on the nature of the incident and the number and nature of any previous disciplinary actions.
- c. Any disciplinary report shall be placed in the disciplined member's personnel file with a copy given to the disciplined member and another copy sent to the Association President, the Grievance Chair, and the MEA UniServ Director. The member shall be given an opportunity to sign the disciplinary report and to write a response or rebuttal to be placed in the member's personnel file.

6. Special Rules for Members with Multiple Positions

- a. If a member has multiple employment positions within the College, representation in investigatory interviews and/or disciplinary meetings shall be restricted to the bargaining representative, if any, for the position in which the performance or conduct issues occurred. In the event of conduct that is not position-specific (e.g., theft, violence, violation of the LCC Standard of Conduct in or workplace Policy or any successor policy, etc.), representation shall be restricted to the bargaining representative, if any, for the member's current primary position.
- b. If a member is terminated from College employment outside of the bargaining unit and the reasons for termination are relevant to the member's suitability for continued employment as a bargaining unit member, the member will also be terminated from any positions within the bargaining unit. Prior to a final decision on such termination, the member will be offered a Due Process Hearing under Subsection 3 of this Section.

ARTICLE XVIII. ACADEMIC FREEDOM

- A. Bargaining unit members shall have the right to academic freedom as the American Association of University Professors has described it:
 - 1. Teachers are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other academic duties, but research for pecuniary return should be based upon an understanding with the authorities of the institution.
 - 2. Teachers are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter which has no relation to their subject. Limitations of academic freedom because of religious or other aims of the institution should be clearly stated in writing at the time of the appointment.
 - 3. College and university teachers are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As scholars and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that they are not speaking for the institution.
- B. When a bargaining unit member speaks, writes, or endorses products or candidates as a citizen, the member is obligated to make certain that such endorsements or statements imply no endorsement by the College.
- C. A bargaining unit member must follow College-approved course syllabi, including presentation of alternative views of controversial issues.

ARTICLE XIX. INTELLECTUAL PROPERTY

Within 30 days after the effective date of this Agreement, each party will designate representatives to work with the Senior Vice President of their designees (and the College's legal counsel as appropriate) in an effort to develop a mutually agreeable policy on the ownership, use, and compensation for use of Intellectual Property developed by faculty members.

ARTICLE XX. BARGAINING UNIT MEMBER SUPPORT

A. Office Support

The duties of each departmental office will include office support to all bargaining unit members of the department to the maximum extent possible in an effort to assist the bargaining unit members in fulfilling their academic responsibilities.

B. Bargaining Unit Member Facilities

1. Bargaining unit members may have unlimited access to their assigned offices and to vacant work areas and/or classrooms during the normal hours of operation of the College. If bargaining unit members desire access outside normal hours of operation, they should contact the Department of Police and Public Safety to gain admittance. Identification cards will be shown, and the bargaining unit members will be required to register when entering and leaving the building. The use of other College facilities for College related activities by the bargaining unit member during normal hours shall be authorized upon approval by the appropriate College official.
2. Use of College-owned computer resources (which also encompass voice/video/data) is extended by Lansing Community College to faculty members as the College considers necessary to accomplish its mission. Faculty member's use of such resources shall be in compliance with the College's published "LCC Acceptable Use Policy." Due to their very nature, and in accordance with current case law, voice and e-mail messages created or transmitted with LCC computer resources are not private.

C. Safety and Work Space

1. Reasonable effort will be made to assure that bargaining unit members are able to work in safety consistent with good health practices and federal and state laws regarding health and safety. When required, the College will provide first aid supplies. Emergency procedures will be published for the information of the bargaining unit members.
2. The College shall strive to provide, subject to available resources, reasonable office space of approximately 100 square feet for each full-time bargaining unit member. Such office space will be maintained in a safe manner by the College and in a clean, orderly, and professional manner by the faculty member.
3. The College shall strive to provide, subject to available resources, reasonable office space, work space or work areas of approximately 50 square feet for the use of one part-time faculty member at a time. Such office space, work space, or work areas will be maintained in a safe manner by the College and in a clean, orderly, and professional manner by the faculty members.

4. Except in cases of emergency, the College will provide reasonable notice to a faculty member before requiring the member to relocate to a different office. The College will arrange to pack items in the office unless the faculty member elects to do so, and will arrange for the items to be moved.
5. If a bargaining unit member has a specific concern regarding the provisions of this section (other than an immediate safety concern), including changes in assigned or available office space or work areas, that concern shall first be presented to the Supervising Administrator. If the concern is not resolved, upon request of the member, the concern will be placed on the agenda of the appropriate committee (e.g. the College Safety and Parking Committee, Divisional Operations Committee, MAHE/HR Contract Maintenance, etc.) for consideration at its next meeting.

ARTICLE XXI. PROFESSIONAL COMPENSATION

A. Full-time Bargaining Unit Members

1. Salary Schedule

Except as otherwise provided in this Agreement or as agreed by the College and the Association, full-time bargaining unit members shall be compensated for a full annual base workload as described in Article XI. Sections B., C., and F. in accordance with the appropriate Step of the appropriate column of the salary schedules contained in Appendix B:

- B-1 Full-time Teaching Faculty
- B-2 Full-time Lab Instructor
- B-3 Full-time Lab Assistant
- B-4 Full-time Professional Tutor
- B-5 Full-time Librarian
- B-6 Full-time Licensed Professional Counselor
- B-7 Full-time Academic Advisor
- B-8 Full-time Teaching Clinician

2. Placement on Schedule

New full-time bargaining unit members will be placed on the appropriate salary schedule at Step 1 unless the College determines it is necessary to place the individual at an advanced Step in accordance with the subsection on advanced placement.

3. Advanced Placement

In placing a new full-time employee on the appropriate salary schedule, the College may give credit for years of relevant professional experience (including prorated relevant professional experience in a part-time position at LCC or elsewhere). Any credit given shall be at the rate of one step for each full year of relevant experience, up to a maximum of four steps. The College, if necessary, can waive the four-step maximum, provided a representative of the Human Resources Department will meet with a representative designated by the Association to discuss the reason(s) necessitating deviation from the established hiring range prior to making a formal offer of employment to the prospective employee.

4. Step Advancement on the Schedule

Full-time bargaining unit members will move on the Salary Schedule during the term of this Agreement as provided within the applicable Appendix.

B. Part-time Bargaining Unit Members

1. Salary Schedule

Except as otherwise provided in this Agreement, part-time bargaining unit members shall be compensated in accordance with the appropriate Step of the appropriate column of the compensation schedules contained in Appendix C for all assigned work activities:

- C-1 Part-time Teaching Faculty
- C-2 Part-time Teaching Clinician
- C-3 Part-time Lab Instructor
- C-4 Part-time Lab Assistant
- C-5 Part-time Professional Tutor
- C-6 Part-time Librarian
- C-7 Part-time Licensed Professional Counselor
- C-8 Part-time Academic Advisor
- C-9 Part-time Supplemental Instruction Leader
- C-10 Part-time Sign Language Interpreter

For purposes of this section, “assigned work activities” include assigned work, assigned committee work, mandatory training (e.g., Learning Management System, etc.), mandatory meetings, and important activities in which a member participates when specifically requested to do so (e.g., College graduation ceremony, professional development days, kick-off days, etc.).

2. Placement on Schedule

New part-time bargaining unit members will be placed on the appropriate compensation schedule at Step 1 unless the College determines it is necessary to place the individual at an advanced Step in accordance with the subsection on advanced placement.

3. Advanced Placement

In placing a new part-time bargaining unit member on the appropriate compensation schedule, the College may give credit for years of relevant professional experience (including prorated relevant professional experience in a part-time position at LCC or elsewhere). Any credit given shall be at the rate of one step for each full year of relevant experience, up to a maximum of two steps for part-time Teaching Faculty or Teaching Clinician and four steps for other part-time Academic Professionals.

4. Step Advancement on the Schedule

Part-time bargaining unit members will move on the Salary Schedule during the term of this Agreement as provided within the applicable appendix.

C. Credential Recognition

1. A Teaching Faculty member will be moved to the corresponding column of the appropriate compensation schedule at the member's current step if the member obtains a higher academic degree related to the field in which the member is teaching and the degree is from an accredited institution recognized by the Department of Education. Upon written request of the member or recommendation of the responsible Dean and approval of the Executive Director of Human Resources (whose decision shall be final unless proven to be arbitrary and capricious), a Teaching Faculty member in the HS, AD, or BD salary column may be moved to a higher salary column based on government-recognized certifications or licenses coupled with tested experience related to the field in which the member is teaching. If approved, the effective date of the compensation adjustment will be the beginning of the semester beginning on or after the date on which the written request has been submitted and the Human Resources Department receives the official transcript showing that the degree or credential has been awarded.

2. Because the compensation level of Academic Professionals is based on the degree, license, or certification required to perform the assigned work, an Academic Professional member's pay rate will not change based on obtaining a higher academic degree or additional license or certification.

D. Suspension of Compensation Step Increases

If this Agreement expires prior to a successor agreement being ratified, no bargaining unit member's compensation for any position shall have a Step increase until a successor agreement has been ratified.

E. Overload

Full-time bargaining unit members, as salaried professionals, are expected to perform their annual base workload without additional compensation, even though they are reasonably expected to work more than 40 hours in some weeks as circumstances require. However, members will be provided overload compensation as follows:

1. Teaching Faculty

If a full-time Teaching Faculty member is given an additional work assignment (i.e., non-teaching assignment or teaching assignments other than non-traditional work assignments under Article XI. Workload, Section L) that, when added to other assignments, will likely result in the member exceeding the applicable annual base load by the equivalent of one clock hour per week, the Supervising Administrator will document the assignment and the amount of approved clock hours for the assignment, and provide copies of the document to the member and to the responsible Dean or designee. If such a non-teaching assignment cannot reasonably be completed within the approved hours, the approved hours may be modified by written agreement of the member and the responsible Dean or designee. If the approved hours for such additional assignment(s) that are not absorbed in the member's remaining annual base load (e.g., through schedule modifications, teaching load reductions, etc.) total the equivalent of one clock hour or more per week, the unabsorbed additional hours will be compensated as overload.

- a. Teaching overload assignments will be paid at the applicable adjunct teaching rate (Appendix C-1) except for a non-traditional teaching assignment under Article XI. Workload, Section L., which will be paid at the applicable market rate.
- b. Non-teaching overload assignments will be paid at the applicable non-teaching adjunct rate (Appendix C-1).
- c. Overload rates for Assistant Professors will be based on the Step 2 Adjunct Instructor rate. Overload rates for Professors will be based on the Step 2 Adjunct Associate Professor rate.

2. Academic Professionals

If a full-time Academic Professional is given an additional work assignment (other than non-traditional work assignments under Article XI. Workload, Section L.) that

will likely result in the member working an extra full day or more beyond the applicable annual base load, the Supervising Administrator will document the assignment and the amount of approved workload credit for the assignment and provide copies of the document to the member and to the responsible Dean or designee. If a non-teaching assignment cannot reasonably be completed within the approved workload hours, the approved workload hours may be modified by written agreement of the member and the responsible Dean or designee. Any full day of the approved workload credit for the assignment that is not absorbed in the member's remaining annual base load (*e.g.*, through schedule modifications, etc.) before the end of the academic year will be compensated as overload at the applicable part-time rate for the work at the member's current step on the pay scale (or the maximum part-time step, if lower).

F. Substitute Pay

1. Full-time Teaching Faculty who are assigned to teach a short-term substitution for a full class session in accordance with Article XI Workload, Section G.1.b (other than in a non-traditional teaching assignment under Article XI Workload, Section L) will be paid at the part-time Teaching Faculty rate per assigned teaching contact hour in Appendix C1 as follows:
 - a. Professors who substitute will be paid at the Step 2 Adjunct Associate Professor Rate reflecting their highest related degree.
 - b. Assistant Professors who substitute will be paid at the Step 2 Adjunct Instructor Rate reflecting their highest related degree.
2. Part-time Teaching Faculty members who substitute teach for a full class session in accordance with Article XI Workload, Section G.1.b (other than in a non-traditional teaching assignment under Article XI Workload, Section L) will be paid at their established rate. If a part-time Teaching Faculty member has more than one hourly rate (excluding market rate) as a result of teaching assignments in more than one department, the member shall be paid at the Probationary Adjunct Instructor Rate reflecting their highest related degree unless the member has achieved Associate Continuing Contract status in the department in which the member is substituting.
3. Faculty members who substitute in a non-traditional teaching assignment under Article XI. Workload, Section L will be paid at the market rate for that assignment.
4. Payment for completed substitute teaching assignments shall be made on the next full payroll cycle after required documentation is submitted by the faculty member and entered in the payroll system.
5. Hours paid for substitute teaching under this section will not be considered overload or compensated under Section E of this Article.

G. Over-Enrolled and Under-Enrolled Classes

1. If a course section is above the applicable seat limit (as of the day after the end of the 50 percent refund period for the section) due to a documented College error, the Teaching Faculty member will be paid a stipend equal to class contact hours multiplied by overload teaching rate multiplied by number of extra students divided by seat limit. Stipends will be paid within 30 days after the end of the 50 percent refund period.
2. Before cancelling a class section with low enrollment, the College may offer faculty members the opportunity to teach the class on a reduced pay basis (with the first offer made to the member assigned to the section). A faculty member who agrees to teach a class that would otherwise be cancelled due to less than minimum enrollment will receive 75 percent of the otherwise applicable pay for teaching the class unless enrollment is at or above minimum as of the day after the 50 percent refund day for that section. Payment for the under-enrolled class will begin with the first full payroll period following the day after the 50 percent refund day for the section. Classes compensated under this section do not count against workload limits but are counted for purposes of the annual clock hour limit for part-time faculty.
3. Instead of cancelling a class section with low enrollment, the College may assign it to a faculty member at the regular rate of pay, in which case it will count for purposes of applicable workload obligations and limits.

H. Market Rates

Market rates are the most cost-efficient pay rates at which highly qualified and desirable employees can be employed on a part-time basis to perform the required work. Market rates may vary from time to time and may be higher, equal to or lower than overload rates or adjunct rates that might otherwise be applicable to faculty members performing the work. Any notice or offer of work that will be compensated at market rates shall state the applicable market rate. Upon request, the Human Resources Department will provide the Association with a written explanation of the basis for any market rate and will disclose the data and data sources upon which the rate is based. The College will consider any relevant information provided by the Association in establishing market rates.

I. Red Circled Rates

1. Members whose salary or pay rate for a position as of the date of ratification of this Agreement is higher than that provided in this Agreement shall continue to receive the higher rate for the work in that position until the expiration of this Agreement or until this Agreement would provide for a higher rate, whichever occurs first.

2. A member hired before the date of ratification of this Agreement who receives no increase in pay rate for a bargaining unit position during an academic year because the member was red circled or at the top Step of the scale prior to the start of the academic year will receive the following compensation for each academic year in which they receive no other increase in pay rate for the position:
 - a. An amount equal to 1.5 percent of the member's earnings from that position during the 2016-17 academic year, to be paid during September 2017.
 - b. Effective at the start of the first full payroll period of the 2017-18 academic year, the member's base rate shall be increased by 1.5 percent over the rate in effect during the previous academic year.
 - c. Effective at the start of the first full payroll period of the 2018-19 academic year, the member's base rate shall be increased 1.5 percent over the rate in effect during the previous academic year.
 - d. An amount equal to 1.0 percent of the member's earnings from that position during the 2019-20 academic year, to be paid during September 2020.

J. Rate of Pay on Transfer, Interim Assignment, or Reclassification

1. In the event of a reclassification or interim assignment that results in movement to a bargaining unit position with a higher pay Level, the employee will be placed at the Step in the new classification having the rate that is closest to the average of the rate for the employee's former Level and Step and the rate for the same Step in the new Level. The rate change will be effective at the beginning of the first full pay period beginning on or after the effective date of the reclassification or interim assignment. Subsequent increases will be based on time in the new classification and Step.
2. In the event of an interim assignment that results in movement to a position with a lower pay Level, the employee's pay rate will be the same as if the assignment had not been made (i.e., will continue to receive applicable Step increases in the regular classification).
3. In the event of an involuntary transfer or reclassification that results in movement to a position in this bargaining unit with a lower pay Level, the employee will suffer no reduction in pay, unless otherwise agreed by the employee. Any such pay rate change will be effective at the beginning of the first full pay period beginning on or after the effective date of the transfer or reclassification.
4. A member who becomes a member of another bargaining unit as a result of transfer or reclassification will be compensated in accordance with that unit's collective bargaining agreement unless otherwise agreed in writing, and will be subject to

other terms and conditions of employment consistent with the applicable collective bargaining agreement.

K. Compensation Protection

1. The compensation of a part-time Teaching Faculty shall not be reduced after the applicable 50 percent refund date due to student absences from an assigned class, provided the member shall devote any resulting free time to work for the College.
2. If a faculty member's schedule for a given day is changed by the College and the faculty member is not notified of the change due to College error, the faculty member shall not lose compensation for that day due to the error, provided the member shall devote the originally scheduled time to work for the College if work is available.

L. Effective Date of Rate Changes

All pay rate changes shall be effective at the start of the first full payroll period beginning on or after the event giving rise to the increase.

ARTICLE XXII. EMPLOYEE BENEFITS

A. Group Health, Dental, and Vision Plans

1. During the term of this Agreement, full-time members shall be eligible to participate in a group health plan, a group dental plan and a group vision plan with the same benefits and same cost sharing as applied to other bargaining units through the Health Care Task Force/Labor Coalition process or any successor process involving a majority of the Employer's bargaining units.
2. During the term of this Agreement, part-time members shall be eligible to participate in such components of the group health plan, group dental plan, and group vision plan, and on the same cost-sharing basis as extended to other part-time employees through the Health Care Task Force/Labor Coalition process or any successor process involving a majority of the Employer's bargaining units that encompass part-time employees.
3. Each member's share of the premium or illustrated cost of participating in such plans shall be deducted from the member's pay on a pre-tax basis if permitted under applicable law. If a member's pay is insufficient to fully cover the member's share through payroll deduction (e.g., due to insufficient hours of work, etc.), it shall be the member's responsibility to timely pay any remaining balance to the College Human Resources Department or the member's coverage may lapse for non-payment. If the College advances funds to pay a member's share of the premium or illustrated cost, the member shall be responsible to repay the College any such

amounts on demand, and the College may deduct any such amounts from any pay or benefits owed to the member.

B. Group Life Insurance

During the term of this Agreement, the College shall sponsor and pay the premiums for group life insurance for each full-time bargaining unit member in the face amount of \$50,000, plus an additional \$50,000 for accidental death and dismemberment. These amounts may be subject to lawfully permitted age-based reductions for members over 65 years of age.

C. Group Long-Term Disability Insurance (LTD)

1. During the term of this Agreement, the College shall sponsor and pay the premiums for a group long term disability (LTD) plan for all eligible full-time bargaining unit members which provides $66 \frac{2}{3}$ percent of the member's regular monthly salary (annual salary divided by 12 months) subject to a maximum monthly benefit of \$5,000. Benefits begin with the ninety-first consecutive day of disability and continue for the period of time specified in the policy. These benefits will be reduced by payments from Social Security, Michigan Public School Employees Retirement System, the Optional Retirement Plan, and from worker's compensation benefits for the period specified in the policy.
2. LTD benefits will be limited to 24 months (lifetime) for those bargaining unit members who are disabled due to a nervous or mental condition or for substance abuse.

D. General Liability Insurance

During the term of this Agreement, the College shall maintain in effect general liability insurance coverage which extends to bargaining unit members while acting in good faith within the scope of their College duties. The limits for such policies shall be not less than:

Basic Policy:
Per Person -- \$100,000
Per Occurrence -- \$300,000
Umbrella Policy -- \$5,000,000

E. Supplemental Benefit Plans

The Employer may sponsor or facilitate member participation in certain supplemental benefit plans, e.g., pre-paid legal plans, identity theft protection plans, extra dental coverage, AFLAC, supplemental life insurance, etc. All bargaining unit members are eligible to participate in such plans according to the terms of the plans. All costs of such plans shall be paid by bargaining unit members who elect to participate.

F. General Insurance Restrictions

1. All insurance plans described in this Agreement shall be subject to such restrictions, definitions, rules, procedures, and other limitations as may be applied from time to time by the College's insurance carriers (or the College if self-insured). Copies of all plan documents are available in the Human Resources Office, and copies will be periodically distributed to plan participants in accordance with law.
2. The College will notify the Health Care Task Force and offer to bargain over any cost containment programs the College wishes to implement in any insurance plans to which it contributes.
3. The College's liability hereunder shall be limited to tender of premiums for obtainable coverage for which it has agreed to pay. The College shall have no obligation whatsoever to pay or provide any benefits or claims which are denied by any carrier or Plan Administrator.
4. Disputes concerning the interpretation or application of insurance policies or the granting or denial of coverage or benefits by insurers or Plan Administrators shall not be subject to the Grievance Procedure. Only disputes relating to unjustifiable non-tender of premiums are subject to the Grievance Procedure.

G. Group Insurance Continuation

1. The College shall pay its share of the premiums or illustrated cost to continue insurance coverage in effect for the remainder of the academic year for a full-time member who has completed the member's annual full-time workload prior to the end of the academic year (e.g., a Teaching Faculty member who has completed the full-time workload by the end of Spring semester).
2. The College shall pay its share of the premiums or illustrated cost to continue insurance coverage in effect while a member is on an approved sabbatical leave or an approved FMLA leave, provided the member timely pays the member's share to the College Human Resources Department in accordance with Section A of this Article.
3. While a member receives benefits under the College's Long-Term Disability plan, the College shall pay its share of the premiums or illustrated cost to continue insurance coverage in effect for up to 12 months of disability (inclusive of time covered by FMLA or paid sick leave).
4. The College shall pay its share of the premiums or illustrated cost to continue insurance coverage in effect through the end of the insurance billing cycle during which a member retires or resigns with at least 30 days' written notice or commences a layoff or leave of absence without pay (other than an approved sabbatical leave or FMLA leave).

5. Except as required by law, the College's obligations under this section are limited to the insurance plans and coverage in which the member was participating on the day before the disability and are subject to any restrictions on insurance continuation imposed by the insurance carriers.
6. The College's obligations under this section are conditional upon the member timely paying to the College Human Resources Department any remaining balance of the premiums or illustrated cost to continue insurance coverage in effect. Continuation coverage may lapse due to the member's non-payment. 4. Draw from Accumulated Sick Leave or Sick Leave Bank

Bargaining unit members will draw sick leave for approved purposes in one hour increments from their accumulation of sick leave as follows, subject to applicable limits:

- a. A teaching assignment will draw 2.0 hours sick leave for each full or partial contact hour missed and 1.0 hours for all time missed from other scheduled obligations (e.g., office hours, program or department meetings, appointments, etc.) rounded to the nearest full hour. For example, missing a 90-minute class will result in a draw of 3.0 hours, missing a 45-minute appointment will result in a draw of 1.0 hour, missing a 20-minute meeting will result in no draw, but missing two 20-minute meetings will result in a draw of 1.0 hour. Missing the class, the appointment, and the two meetings on the same day would result in a draw of four hours.
- b. A clock hour assignment will draw 1.0 hour sick leave for each full or partial clock hour missed.
- c. A member shall not draw accumulated sick leave in excess of the member's credited and accrued benefit and shall not draw sick leave bank benefits if there is not a positive balance remaining in the sick leave bank at the time.

5. Approved purposes and limits for use of Accumulated Sick Leave

- a. All bargaining unit members:
 1. Shall use accumulated sick leave when, after taking into account all reasonable accommodations the College is willing to make, the member is disabled by illness, injury, or medical condition from safely performing the essential functions of the member's regular job and any other bargaining unit work within the member's qualifications offered by the College, or is on approved FMLA absence due to a serious health condition of the member.
 2. Shall use accumulated sick leave on up to ten days in an academic year if the member is on approved leave of absence due to a serious health condition (as defined under the FMLA) of the member's spouse, parent (including stepparent or other person in loco parentis), or child (including stepchild, foster child, adopted child, etc.).

3. May use accumulated sick leave on up to five calendar days to make arrangements for and/or attend the funeral or memorial service(s) in the event of the death of a member of the bargaining unit member's immediate family or household, provided the sick time shall be used on days consecutive with the date of death and/or such services.
 4. May use up to eight hours of accumulated sick leave per academic year when routine dental or medical attention for the member, the member's current spouse or a dependent of the member residing in the member's household cannot be scheduled outside of College time or where the member is needed to provide care to such an incapacitated individual residing in the member's household.
- b. In addition, full-time bargaining unit members may use accumulated sick leave for the following purposes, subject to the stated limit for each such use during any academic year:
1. Court subpoena or summons not resulting from employment at the College (as required by the court).
 2. Income tax investigation (eight hours).
 3. To attend the graduation of the bargaining unit member, spouse, son or daughter from high school or college, one day if in Michigan or up to three consecutive days outside of Michigan.
 4. To attend the marriage of the bargaining unit member, two consecutive days; son or daughter, one day.

Use of accumulated sick leave is conditional upon the member reporting the need for sick leave to the member's supervisor as soon as possible in accordance with applicable procedures and complying with applicable requirements for documentation. It is the professional responsibility of bargaining unit members to provide as much advance notice as possible when using accumulated sick leave for any purpose and to refrain from using sick leave for any purpose that could

reasonably be scheduled to avoid conflict with the member's scheduled work obligations. Accumulated sick leave shall not be used on graduation day unless absolutely necessary.

6. Documentation

For any use of sick leave for more than three consecutive work days or more than five consecutive calendar days (whichever is shorter), the member shall provide written explanation of the reason(s) and may be required to provide documentation satisfactory to establish the need for such sick leave. Leave of Absence request forms (e.g. FMLA, etc.) will be maintained by the College and made available to all members via the LCC-HR website.

The College may require such written explanation and/or documentation for sick leaves of shorter duration if reasonable under the circumstances (e.g., in cases of apparent pattern or excessive absenteeism, apparent improper use of sick leave, etc.) provided the member shall be notified of such requirement as early as possible.

7. Draw from MAHE Sick Leave Bank

A bargaining unit member who has exhausted accumulated sick leave may draw from the MAHE Sick Leave Bank when, after taking into account all reasonable accommodations the College is willing to make, the member is disabled by illness, injury or medical condition from safely performing the essential functions of the member's regular job and any other bargaining unit work within the member's qualifications offered by the College.

Maximum draw from the available MAHE Sick Leave Bank per event shall be equal to the paid work time lost by the member within 90 calendar days after commencing the sick leave, less any portion of such time covered from the member's accumulated sick leave. Recurrent absences separated by a return to work of less than six months will be considered part of a single event.

B. Leaves for Personal Reasons

1. Court Appearances

If a bargaining unit member is compelled by subpoena to testify in a court proceeding, the member will be excused from his or her assigned work as required. If the College is a party in the proceeding and the member is subpoenaed to testify about activities or observations occurring within the scope of and as part of the member's job duties at the College, the member will not lose pay for hours the member would otherwise have been scheduled to work, provided the employee's interests in the proceeding are not adverse to those of the College.

2. Jury Duty

A jury duty leave shall be granted to any employee who is obligated to serve as a juror in court. A bargaining unit member shall receive full pay for the employee's regularly scheduled hours of work necessarily lost due to jury service, to a maximum of 60 days in any academic year, provided the employee informs the College within one week of receipt of a jury summons, and provided further that the employee pays over to the College all juror fees, excluding mileage, received by the employee. Any employee who is excused from jury service during regularly scheduled work hours shall report for work for the remainder of the day. The provisions of this Article are not applicable to a bargaining unit member who, without being summoned, volunteers for jury duty.

Employees on Family/Medical Leave may be eligible for workers' compensation benefits or sickness and accident benefits while on leave under this Section. The employee shall provide the College with timely notice and with such health care provider certifications or other documentation as the College requests in accordance with the Act and applicable regulations. An employee who fails to provide such notice and certification or other documentation, or who fails to maintain contact as directed by the College, shall be deemed to have waived any and all rights under this Section and under the Act. Return to work shall be governed by the provisions of the Act. An employee who fails to return to work at the conclusion of a leave under this Section may be required to reimburse the

College for group insurance premiums and costs paid by the College, as permitted under the Act and applicable regulations.

6. Disability Leave

A non-probationary employee who has exhausted all leave rights to, or is ineligible for, Family/Medical Leave may be granted a disability leave for periods during which the employee receives disability benefits under the College's disability or workers' compensation insurance programs for up to one year (inclusive of FMLA leave time) or such longer period as required by law. As a condition of commencing and continuing such leave, the employee must provide the College Human Resources Department with updated information about the employee's medical condition, ability and intention to return to work, as directed by the College.

- b. For each day of absence, the bargaining unit member will receive the difference in pay between:

 - 2) Pay the bargaining unit member would have received had he/she been at work on that day.

8. Political Leave

An unpaid leave shall be granted for the period of campaigning for political office or for actual service in a full-time political office provided, however, that there shall be no disruption of classes and that the leave shall commence prior to the beginning of a regular semester. If the bargaining unit member still refuses to comply, the College may enforce the refund obligation through any lawful means.
- 5) If the bargaining unit member is laid off or terminated other than for cause, the promissory note will be forgiven.
- 6) During a Sabbatical/Professional Development Leave, the College will deduct from the member's pay an amount equal to the normal employee MPSERS contribution. Retirement credit for Sabbatical/Professional Development Leave will be paid by the College after the bargaining unit member returns to work for one year following the leave, provided the bargaining unit member timely makes any required application for credit and submits the billing to the College. Bargaining unit members participating in a Sabbatical/Professional Development Leave will not be disadvantaged in their retirement plan as a result of such participation, subject to State law and regulations.

ARTICLE XXIV. AGREEMENT INTERPRETATION

A. Special Conferences

1. Special Conferences on important matters, including administration or interpretation of the Agreement, excluding grievances and negotiations, will be arranged between the Employer and the Association upon the request of either party, but not more frequently than once per calendar quarter absent mutual agreement.
2. Unless otherwise agreed, Association representation at Special Conferences will be limited to not more than two employee representatives and two non-employee representatives.
3. Special Conferences will be held at mutually agreed upon times, and an agenda of the matters to be discussed at a Special Conference will be presented at the time the conference is requested. If the other party has an agenda of items it wishes to discuss, it will be delivered before the meeting. Matters taken up will be confined to those included on the agenda, unless otherwise agreed by the parties.
4. Employee representatives will not lose time or pay from their regularly scheduled work while attending Special Conferences.
5. This Special Conference provision is not to be used as a substitute for the Grievance Procedure and is not subject to the Grievance Procedure, nor will participation in Special Conferences obligate either party to negotiate, modify, or otherwise change the terms of this Agreement. However, this does not prohibit the discussion of grievances, negotiations, or items of concern to the parties in the interpretation and enforcement of this Agreement.

B. Amendment to the Collective Bargaining Agreement

1. Either party to this Agreement may request a meeting to discuss possible amendment of the Agreement if it believes a provision of the Agreement is unworkable or if the Agreement is otherwise in need of amendment. The request for such a meeting will be in writing and will describe the nature of the concern and the intended purpose of the possible amendment.
2. If such a meeting is requested, the President of the Association and the Executive Director of Human Resources, together with such other representatives as agreed to by the President of the Association and the Executive Director of Human Resources, shall meet to discuss possible remedial action.
3. If the parties' representatives mutually agree upon an amendment of the Collective Bargaining Agreement, the parties shall submit the proposed amendment in writing

to the Association Executive Board and to the LCC Board of Trustees or its duly authorized agent for their consideration and ratification.

4. Upon ratification by both constituent agencies, the proposed amendment will become a part of this Agreement in accordance with its terms. This Agreement cannot be amended by any other process.
5. Participation in any such meetings does not and will not obligate either party to engage in collective bargaining or to agree to modify or otherwise change the terms of this Agreement, and this provision on Amendment to the Collective Bargaining Agreement is not subject to the Grievance Procedure.

ARTICLE XXV. GRIEVANCE PROCEDURE

A. Definition

1. A grievance is defined as a claim made by one or more bargaining unit members, alleging a violation, misinterpretation and/or misapplication of a specific article or section of this Agreement as written and/or the College's Policies related to employment practices.
2. An "aggrieved bargaining unit member" is the member who is directly affected by an alleged violation, misinterpretation, or misapplication and therefore, will make a claim as a "grievant." The Association is the "grievant" when Association rights have been allegedly violated. A grievance which affects two or more aggrieved bargaining unit members may be initiated by the affected members or may be processed as an Association grievance, but not both.

B. Purpose

1. The purpose of this procedure is to secure and document, at the lowest possible administrative Level, equitable solutions to grievances. Both parties agree these proceedings shall be kept as informal and confidential as may be appropriate at any Level of the procedure, subject to procedural compliance.
2. Nothing contained herein will be construed as limiting the right of any aggrieved bargaining unit member having a grievance or other concern to discuss the matter informally with any appropriate member of the administration and/or have the matter adjusted, without intervention of the Association, provided the adjustment is consistent with the terms of this Agreement.

C. Procedure

The parties recognize that it is important for grievances to be processed as rapidly as possible. Consequently, the number of days indicated at each level should be considered

a maximum, and every effort should be made to expedite the process. Time limits may be extended only by written (or electronic) mutual agreement by the parties. In the event that prescribed action is not taken by the aggrieved bargaining unit member or the Association within the grievance time limits specified herein, the grievance will be deemed settled and withdrawn on the basis of the Employer's last action or disposition, and such resolution shall be final and binding. Any aggrieved bargaining unit member shall have the right to Association representation at all Levels of the grievance procedure. The grievance form shall be made available to members by the College's Human Resources Department and/or the Association.

1. Level One: Informal Discussion and Written Grievance

a. Individual Member Grievances

- 1) An aggrieved bargaining unit member shall discuss the matter giving rise to the grievance with his/her supervisor within 21 calendar days of the event giving rise to the grievance with the objective of resolving the matter informally and may request an Association Representative to attend.
- 2) If the aggrieved bargaining unit member is unsatisfied with the disposition from the oral discussion and wishes to further pursue the matter, the aggrieved bargaining unit member shall file a written grievance setting forth the detailed facts and the specific provision or provisions of the Agreement alleged to have been violated and stating the settlement desired.
- 3) The aggrieved bargaining unit member is encouraged to consult with an Association Representative prior to writing and submitting the grievance.
- 4) The written grievance must be delivered to the grievant's supervisor, and copies delivered to the College Human Resources Department and the Association offices within 28 calendar days of the event giving rise to the grievance.

b. Association Grievances

Matters involving Association grievances will be discussed with the appropriate administrative official as designated by the College's Executive Director of Human Resources in an attempt to resolve the matter informally. If the matter is not resolved informally and the Association desires to further pursue the matter, the Association must deliver a written grievance (setting forth in detail the facts and specific provision or provisions of the Agreement alleged to have been violated, and stating the settlement desired) within 28 calendar days of the event giving rise to the grievance. The

Association grievance must be delivered to the supervising Dean or other administrative official as designated by the College's Executive Director of Human Resources and a copy delivered to the College Human Resources Department.

c. Level One: Written Disposition

Within 14 calendar days of delivering the written grievance, the grievant and/or an Association representative will arrange to meet with the grievant's supervisor (in the case of individual grievances) or the supervising Dean/designated administrative official (in the case of Association grievances) in an effort to resolve the issue. The supervisor (in the case of individual grievances) or the supervising Dean/designated administrative official (in the case of Association grievances) will reply with a written disposition regarding the grievance, which shall be given to the grievant and/or an Association representative within 14 calendar days after such meeting.

2. Level Two: Human Resources Review

a. Association Request for Review

If the grievant is not satisfied with the disposition of the grievance at Level One, or if no disposition has been rendered in the time allowed, the grievant or the Association may advance the grievance by delivering a written appeal to the College's Executive Director of Human Resources or the Executive Director's designee within 14 calendar days after the written disposition is issued, or if no written disposition is timely issued, within 14 days after the due date for the written disposition. The written appeal shall contain a brief explanation of the reason(s) for rejecting the disposition, and any change in the settlement proposed, and shall be signed by the aggrieved employee(s) and the Association representative.

b. Human Resources Written Answer

Within 14 calendar days after delivery of the written appeal, the grievant or an Association representative will arrange to meet with the Executive Director of Human Resources or his/her designee to discuss the disputed issue(s) in the grievance. Absent agreement for a longer period, the meeting shall be held within 14 calendar days after delivery of the written appeal. The Association and the College may each have up to three additional people present to participate in the discussion. Within 14 calendar days from the date of the Level Two meeting the Executive Director of Human Resources or designee will reply with a written answer to the appeal.

3. Level Three: Voluntary Mediation

If the grievance is not resolved at Level Two, the parties may elect to pursue mediation of a grievance through the services provided by the Michigan Employment Relations Commission. Both parties must agree in writing to pursue mediation within 14 calendar days of the Level Two answer. If a satisfactory resolution is achieved through mediation, the resolution shall be final and binding upon the grievant(s), the Association and the College.

4. Level Four: Arbitration

a. Association Request for Arbitration

If the grievance is not resolved at Level Three, or if the parties do not agree that mediation is appropriate, the Association may submit the grievance to arbitration by filing a written request for a panel of seven arbitrators with the Michigan Employment Relations Commission, the Federal Mediation and Conciliation Service, or the American Arbitration Association and delivering a copy of the request to the College's Human Resources Department within 28 calendar days after either (1) the mediation date or (2) the date the parties elected to forego mediation. Any grievance not submitted to arbitration in accordance with this Section shall be considered resolved and withdrawn on the basis of the Employer's last action or disposition, and such resolution shall be final and binding.

b. Arbitrator Selection

An arbitrator shall be selected by mutual agreement of the parties when possible, otherwise by each party alternately striking a name from the panel provided by the applicable agency, and the last remaining person shall serve as the arbitrator. If the parties agree that a panel of arbitrators from the applicable agency is unsatisfactory, they may reject the panel and request another instead of commencing the striking process. If a hearing is canceled, the canceling party shall pay the cancellation costs unless there is agreement to share the costs.

c. Powers of Arbitrator

The power of the arbitrator shall be limited to the interpretation or application of this Agreement as written, and the arbitrator shall have no power to alter, add to, or subtract from the terms of this Agreement as written. The decision of the arbitrator shall be binding on all parties involved. Except as expressly provided by another provision of this Agreement, the arbitrator shall have no power or authority to rule on any claim arising out of any insurance or pension program under this Agreement or to decide any claim which could be asserted as a violation of any

employment discrimination statute, law, or regulation. The arbitrator shall have no power or authority to change any classification wage rates, workloads or performance standards but may otherwise rule on grievances involving such matters.

d. Cooperation

The College and the Association shall cooperate in order to ensure the rights of both parties to adequate preparation time and the presentation of each party's positions at the hearing, provided every effort will be made to avoid interference with the Employer's regular business operations. Any on duty employee witnesses called to testify by either party shall be scheduled to testify so that lost time from work will be minimized. Upon completion of their testimony (direct or rebuttal, if required), each witness shall be excused to return to work.

e. Costs and Expenses

Each party to the arbitration shall bear the full costs and expenses of its own witnesses and representatives. The compensation and expenses of the arbitrator and any costs incurred in connection with the location of the arbitration shall be shared equally by the parties. The compensation and expenses of the arbitrator shall be paid by the College if the grievance is granted in its entirety, shall be paid by the Association if the grievance is denied in its entirety, and shall be shared equally by the parties if the grievance is granted in part and denied in part.

ARTICLE XXVI. AGREEMENT EFFECTUATION

- A. This Agreement including all of its appendices shall supersede any rules, regulations, or practices of the College, which shall be contrary to or inconsistent with its terms. It shall likewise supersede any contrary or inconsistent terms contained in any constitutional or bylaw provisions of the Association heretofore in effect. The provisions of this Agreement shall be incorporated into and be considered part of the established policies of the College. All individual contracts with bargaining unit members are subject to the terms of this Agreement.
- B. Six hundred copies of this Agreement shall initially be printed by the College and provided to the Association for the purposes of distribution to those members who request a copy. Members are encouraged to view the contract on the College website and to only request copies if the copy will be utilized by the member. If, at any time during the duration of the Agreement, the Association requires additional copies for the purpose of distributing them to members, the College will print up to a maximum of 1200 copies.

C. Emergency Manager Provision

1. The provision set forth in Subsection 2 is included solely as a result of MCL 423.215(7) and without the agreement of the Association. Its inclusion does not waive either party's right to challenge the legal validity of 2012 PA 436 or of the appointment or actions of any Emergency Manager, if one is ever appointed. The parties agree that, as of the date of ratification of this Agreement, the provisions of the Local Financial Stability and Choice Act, 2012 PA 436, do not apply to community colleges.
2. An emergency manager appointed under the Local Financial Stability and Choice Act, 2012 PA 436, MCL 141.1541 to 141.1575, may reject, modify, or terminate the collective bargaining agreement as provided in the Local Financial Stability and Choice Act, 2012 PA 436, MCL 141.1541 to 141.1575.

- D. If any provisions of this Agreement or any application of the Agreement to any employee or group of employees shall be found contrary to law, then such provisions or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

ARTICLE XXVII. DECLARATION OF GOOD FAITH

The parties acknowledge that during the negotiations which resulted in the Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining and that the understandings and agreements arrived at by the parties, after the exercise of that right and opportunity, are set forth in this Agreement.

- A. Both parties recognize the desirability of continuous and uninterrupted operation of the instructional program during the normal school year and the avoidance of disputes which threaten to interfere with such operations. During the term of this Agreement, neither the Association nor any persons acting in its behalf will cause, authorize, or support, nor will any of its members take part in, any strike (i.e., the concerted failure to report for duty or willful absence of a bargaining unit member from his/her position or stoppage of work or abstinence, in whole or in part, from the full, faithful, and proper performance of the member's duties of employment) for any purpose whatsoever, and the College shall not lock out any members of the bargaining unit for any reason.
- B. The Association agrees that it will neither take nor threaten to take any reprisals, directly or indirectly, against any supervisory or executive officials because of any decisions, actions or statements made either personally or in the course of their official duty relative to collective bargaining, the administration of this Agreement, or the educational policies of the College. The Association further agrees that it will neither take nor threaten to take any reprisals against the Board, or any member thereof, by reason of any decisions, actions, or statements made by them either personally or in the course of their official duty relative

to collective bargaining, in the administration of the Agreement, or the educational policies of the College.

- C. Neither party will support the action of any member or employee taken in violation of this Article.
- D. Violation of this Article by any member or group of members will constitute just cause for discharge and/or the imposition of discipline or penalties.
- E. Either party will have the right, in addition to the foregoing and any other remedies available at law, to seek injunctive relief and damages against the other in the event of violation of this Article.

ARTICLE XXVIII. DURATION OF AGREEMENT

This Agreement shall be effective as of February 6, 2017, and shall continue until 11:59 p.m., August 21, 2020. This Agreement shall not be extended orally, and it is expressly understood that it shall expire on the date indicated.

LETTER OF AGREEMENT

February 6, 2017

The parties have entered into this LOA to enable creation of a limited number of full-time 52-week positions and to establish certain terms and conditions of employment for faculty in such full-time 52-week positions, as specified below. The provisions of this LOA will prevail over any conflicting provisions of the 2016-20 Collective Bargaining Agreement for faculty members in full-time 52-week positions.

A. Selection and Number

1. During the term of the 2016-20 Agreement, except as otherwise agreed by the Association and the College, the College will not maintain more than ten occupied full-time 52-week positions at any time. Full-time 52-week teaching positions will be restricted to the Technical Careers and Health and Human Services divisions. No current faculty member will be compelled to accept a full-time 52-week position, no full-time faculty member will be displaced from their current regular position by creation of a new full-time 52-week position, and no full-time 52-week position will be created by eliminating or consolidating regular positions in the bargaining unit that are occupied at the time the full-time 52-week position is filled.
2. If the College creates a full-time 52-week position, it will be filled through the established search process, with an internal posting first and subsequent external posting only if determined necessary. A full time bargaining unit member awarded a full-time 52-week position in their program/department will carry their status and pay level into the full-time 52-week position.

B. Annual workload for full-time 52-week teaching positions shall include:

1. Forty-four teaching workload hours, and
2. The remainder of their scheduled workdays (excluding paid vacation and recognized holidays) should be devoted to the types of non-teaching activities described in Article XI.C.1.b.

C. Distribution of Base Load

Full-time 52-week teaching loads will normally be spread relatively evenly over the academic year but are subject to adjustment in conformance with Article XI.C.2. Teaching

loads can be front- or back-loaded up to a maximum of four workload hours between consecutive semesters and may result in more than 12 workload hours during Summer semester.

- D. Bargaining unit members in a full-time 52-week position shall be credited with 3.69 hours of Sick Leave for each biweekly payroll period in which the member actively performs his or her assigned duties during the academic year.
- E. Bargaining unit members in a full-time 52-week position will be granted paid vacation each full fiscal year according to the following schedule:

<u>Status as of July 1</u>	<u>Vacation Hours</u>
Probationary	120
Continuing Contract	160

Vacation day allowances for employment periods of less than one full fiscal year will be prorated on the basis of time actually worked.

1. All requests for vacation must be made in writing, using accepted department procedure. All requests to use paid vacation must be made as far in advance as possible. Approved vacation benefits must be used in increments of at least one hour.
2. A maximum of one year's accrual of earned vacation days may be carried forward from one fiscal year to the next. Exceptions may be requested through the immediate supervisor and are subject to approval by the Executive Director of Human Resources.
3. If a member resigns or retires after giving at least four weeks' notice or is laid off, or is discharged other than for gross misconduct, he/she shall be paid for any unused vacation days, including those earned in the current fiscal year. All payments for earned but unused vacation days shall be based on the current rate of pay.
4. Vacation credit shall accrue from the date of employment in a full-time 52-week position and shall be prorated based on the number of months from July 1. A member beginning work on or before the 15th of any month shall earn vacation credit for that month. If work is begun on the 16th or after, no credit shall be given for that month. No vacation credit shall accrue for any month in which an employee is in unpaid status for 15 days or more.

F. Recognized Holidays

1. Eligible full-time members will not lose pay from their regular salaries because of the Employer's closure for the following recognized holidays:
 - a. New Year's Day
 - b. Martin Luther King, Jr. Day
 - c. Memorial Day
 - d. Independence Day
 - e. Labor Day
 - f. Thanksgiving Day
 - g. The Day Following Thanksgiving Day
 - h. Christmas Day
 - i. Two (2) additional holidays, the day before Christmas and the day before New Year's Day, will be granted whenever Christmas Day and New Year's Day fall on a Tuesday, Wednesday, Thursday, or Friday.
2. Full-time members are eligible for this holiday benefit only if they are in a full-time 52-week position and work their scheduled hours or are on approved vacation or approved paid leave of absence on their regular work day prior to and the work day immediately after the holiday.
3. When a recognized holiday falls on a Saturday or Sunday, it will be recognized by the Employer on the date specified by the U.S. Government.
